APD 105 Release without Charges and from Liability Form will be used in circumstances where an individual is being released without charges being filed. Situations of this nature include (but are not limited to) circumstances where an individual is arrested on probable cause and further investigation by the arresting officer determines probable cause no longer exists. In this scenario, the individual must be taken before the appropriate authority, immediately released and a supervisor notified. If possible, a release from liability form should be signed by the individual. Under no circumstances, however, will the subject's release be contingent upon signing the form. Additionally, the arresting officer will prepare a detailed incident report outlining the events surrounding the arrest and subsequent release. (See APD 105 "Release without charges" form)
