

The City of Anderson Police Department

Mission Statement

The mission of the Anderson City Police Department is to serve the public, protect the innocent, and enforce city, state, and federal statutes within the city limits of Anderson, South Carolina. This is accomplished through a comprehensive Total Quality Management process which emphasizes a team approach geared toward the protection of life, liberty, and property, the preservation of peace, and the prevention of crime. Each operational area will work together in a responsible and professional manner in order to promote an environment in which all citizens will be able to live peacefully, work diligently, enjoy recreational activities, and be safe from threat of harm.

Fiscal Year 2011 Call for Service Summary¹

1. During Fiscal Year 2011 (July 1, 2010 – June 30, 2011)² the City of Anderson Police Department handled 82,388 calls-for-service (CFS), up 20.5% from 68,380 in Fiscal Year 2010.
 - a. Citizen-Generated CFS were 21,448 in FY11 vs. 22,844 in FY10 (-6.1%)
 - b. Officer-Generated CFS were 60,940 in FY11 vs. 45,536 in FY10 (+33.8%).
 - i. Officer Generated Keep Checks increased to 40,499 in FY11, up from 24,647 in FY10 (+64.3%).
2. The average number of calls per month was 6,865.66, up 20.5% from 5,698.33 in FY10.
3. The average number of calls per day was 225.72 vs. 187.34 in FY10 (+ 20.5%).
4. Officers investigated or were dispatched to “suspicious persons” 3,162 times, down 5.4% from 3,334 in FY10.
5. Officers were dispatched to 1,084 civil disputes or civil disturbances, down 103 (minus 8.7%) from 1,187 in FY10.
6. The department was dispatched to 1,988 traffic crashes, down 61 (-3.1%) from 2,049 in FY 2010.
 - a. Accidents were 1,742, down 63 (-3.5%) from 1,805 in FY10.
 - b. Hit & Runs were 246, up 2 (+0.8%) from 244 in FY10.
7. Total non-traffic related CFS were 15,076, down 408 (-2.6%) from 15,584 in FY10.
 - a. Actual traffic stops were 12,461 down 637 (-4.9%) from 13,098 in FY10.
 - b. Suspicious vehicles were investigated 1,420 times, down 8 (-0.5%) from 1,428 in FY10.
 - c. In addition to the above 1a and 7b figures, in FY11, according to the CAD report, officers made or attempted 446 stops of vehicles suspected of intoxicated driving, stopped one for uncovered load and assisted motorists 748 times. The FY10 figures were 464, 0 and 594 respectively.
8. For additional statistics see our website at Andersonpd.com.

¹ Unless otherwise noted, call-for-service analysis is based upon Central Dispatch CAD data.

² The yearly information listed in this report will be based upon the fiscal year except as otherwise noted. The Fiscal Year ends June 30. FY11 is from July 1, 2010 – June 30, 2011.

I. City of Anderson Police Department Overview

The City of Anderson Police Department’s jurisdiction serves approximately 27,325 city residents³ within an area that is approximately 15.3 square miles and contains an estimated 203 miles of linear roadway on 520 streets and roads. As of June 30, 2011 the department consisted of 96 Sworn Police Officer slots – including three sworn personnel who were assigned to the detention center - and 52 slots for support personnel.⁴ Of these 147 personnel slots, 135 were full time and 12 were part time. (These figures do not include the reserve force.) The police department’s total contribution to the city in cash and in-kind support for FY11 was \$3,823,657.⁵

The 3,805,657 consisted of a “hard cash” (budget offsetting) contribution by the department of \$2,566,362 and an in-kind cash, equipment & services contribution valued at \$1,239,295. The *department-generated* portion of the “hard cash” contribution was \$1,747,547. Grant awards and related programs contributed an additional \$814,230. Extra-duty work totaling \$4,585 was also passed through the city, offsetting the overall budget by that amount. For more information concerning the cash and in-kind contributions, please refer to the appendix.

During FY11, personnel of the City of Anderson Police Department handled 82,388 calls-for-service, documented 6,558 incidents⁶ on 5,769 incident reports, responded to 1,988 traffic crashes (1,742 wrecks and 246 hit & runs), made 2,384⁷ criminal charges, wrote 386 parking tickets⁸ and issued 8,883 traffic citations.

FY11’s 2,384 criminal charges were filed against 1,373 defendants, roughly 1.74 per perpetrator (a.k.a. “defendant”). The 8,883 traffic charges were levied against 6,862 violators, roughly 1.29 citations per violator. The following table depicts the charges, by type, and the number of defendants by fiscal year since FY04.⁹

Charges by APD Personnel	Criminal			Traffic			Total		
	Charges	Def	Avg/Def	Charges	Def	Avg/Def	Charges	Def	Avg/Def
Fiscal Year 2011	2,384	1,373	1.74	8,883	6,862	1.29	11,267	7,961	1.42
Fiscal Year 2010	2,974	1,616	1.84	9,372	7,377	1.27	12,346	8,614	1.43
Fiscal Year 2009	2,813	1,588	1.77	8,648	6,461	1.34	11,461	7,666	1.50
Fiscal Year 2008	2,993	1,672	1.79	10,392	7,437	1.40	13,385	8,598	1.56
Fiscal Year 2007	2,410	1,353	1.78	7,133	5,236	1.36	9,543	6,269	1.52
Fiscal Year 2006	2,748	1,486	1.85	6,654	4,667	1.43	9,402	5,793	1.62
Fiscal Year 2005	2,085	1,224	1.70	6,408	4,463	1.44	8,493	5,347	1.59
Fiscal Year 2004	2,006	1,140	1.76	9,053	6,202	1.46	11,059	7,036	1.57

In fiscal year 2011, compared to fiscal year 2010, calls-for-service increased 20.4% from 68,380, documented incidents (as federally classified) decreased by 532 (-7.5%) from 7,090, written incident reports decreased by 298 (-4.9%) from 6,067, dispatched traffic crashes decreased by 61 (-2.9%) from 2,049, criminal charges that were filed by department personnel decreased 590 (-19.8%) from 2,974, parking tickets issued by departmental personnel increased 372 from 14 in

³ Crime in the United States 2010. United States Department of Justice (FBI). Table 6.

⁴ There were actually 99 sworn slots in June 2010, but 3 were required frozen for FY10. Four slots were downsized as of June 2010 leaving 95 remaining.

⁵ Some financial figures referenced in this report may be un-audited.

⁶ Federal Classification Occurrences reported a maximum of 1x per incident report.

⁷ Includes all criminal charges filed by the City of Anderson Police Department personnel in both City Court and General Sessions Court. Excludes charges filed by non-APD persons or entities. (e.g., Individuals or Businesses, 240; and Judicial Division, 174.)

⁸ Includes 328 written by City Hall Security personnel and 58 written by City of Anderson P. D. Sworn Officers.

⁹ Data is derived from the City of Anderson Municipal Court “JEMS” Digital Data Base.

FY10¹⁰ and traffic citations decreased 489 (-5.2%) from 9,372. With respect to parking tickets, it should be noted that during FY09, the parking management operations were transferred from the police department to City Hall. In FY10 City Hall personnel issued 637 parking citations bringing the total for all parking citations issued by personnel of the City of Anderson, Incorporated to 651. In FY11, the City Hall Security personnel once again became a part of the City of Anderson Police Department and their numbers were counted as such.

The total expense for operating the police department for fiscal year 2011 was \$7,720,410.64 or approximately 77.4 cents per day per city resident. Subtracting the hard cash contribution (\$2,566,362) from the total expense yields a net cost to taxpayers of \$5,154,048.64 or 51.7 cents per city resident per day. For each \$1 of net cost, the police department provided an additional 24.0 cents of in-kind cash, equipment, and services.¹¹ For additional information, please see the appendix.

General Revenue and Personnel

Positive Noteworthy: Net Income of \$2,566,362 (“hard-cash”) received in FY 2011 exceeded previous ten-year average of \$2,402,585 by 6.8%. Major revenue-producing areas of the City of Anderson Police Department are defined as *Department-generated* (in-house) and *Grant-generated* sources. Major sources of department-generated in-house revenue sources are the Federal Inmate Housing Program, Detention Center Phone Fees, Net Criminal Fines, Net Traffic Fines, Towing (and auction) Fees and Forfeited Narcotics Funds.¹² Fiscal Year 2011 was a good year for net revenue (budget offsetting money) received by the City of Anderson Police Department. It exceeded the ten year average for the net monies collected between FY01 and FY10 by several percent. For future reference, it should be noted that FY10’s cash contribution included \$337,831 in federal stimulus package recovery grant funds.

The here-to-fore two major sources of revenue, the federal jail and budget offsetting grant-revenue, both realized substantial revenue in FY11. The federal jail booked \$1,003,577 in receipts. The department received \$814,230 in grant and grant-related funding in FY11, a decrease of \$147,457 from \$961,687 in FY10 but the FY10 grant revenue of \$961,687 – which was a department record up to that time - included \$337,831 in federal stimulus package recovery grant funds. FY11 was the second highest (2nd best) year on record for grant & grant-related funding and included \$187,431¹³ in federal stimulus package recovery grant funds.

Compared to FY10, on paper, in FY11 the combined net criminal and traffic fines decreased by \$95,986 (-15.2%). However, in FY09 the department began tracking the net percent retained by the city for the traffic and criminal fines, after fees were calculated for the state’s portion & crunched the numbers for several previous years in order to get a picture of the history of “net margins” as well as an understanding of the change. Basically, over the years, the overall net fines retained by the city has increased “a little bit” while the portion sent to the state has increased substantially. That is due to increased fees on the fines over the years which have increased as a percentage of the amount of money collected.

The following chart depicts the department’s total net revenue since Fiscal Year 2001. Note that the “net fines” portion was based upon front office receipts through FY10. Those receipts were

¹⁰ During FY10 the City Hall Security Personnel were not a part of the City of Anderson Police Department and their Parking Tickets were calculated separately. In FY11 they were absorbed into the City of Anderson Police Department and their tickets were counted towards the City of Anderson Police Department’s total count.

¹¹ \$1,239,295 total in-kind contribution / \$5,154,048.64 net cost.

¹² References to Net Fines are based upon unaudited front office receipts & excludes refunds.

¹³ Continuation of the C.O.P.S. Unit

unaudited and did not take into account refunds and other adjustments to fines. As of FY11 the net fines portion of the net revenue is based upon actual Finance Department records and is audited. The second chart shows the portion of the net revenue sourced from grants.

Department Generated Revenue for Fiscal Year 2011: \$1,747,547

Department Generated Revenue for Fiscal Year 2011 (Figures are Rounded & Mostly Unaudited)			
U.S. Marshal's Program	\$ 1,003,577	Finger Prints	\$ 1,790
Detention Center Phone Fees	\$ 28,607	Photos & Copies	\$ 1,997
Criminal Fines Net (Audited FY11)	\$ 183,915	Funeral Escorts	\$ 5,525
Traffic Citations Net (Audited FY11)	\$ 351,792	Taxi	\$ 230
Victim Advo. Funds Retained by City (Audited FY11)	\$ 83,309	Special Events (New FY09 & Forw ard)	\$ 685
Parking Citations (Audited FY11)	\$ 4,210	Precious Metals Permit (New FY09 & Forw ard)	\$ 550
Towing Fees split w/ Garage. This amount to P.D.	\$ 36,786	Forfeited Narcotics Proceeds	\$ 21,172
Animal Control	\$ 210	Vending (Net Contribution FY10 & Forw ard)	\$ 18,000
Court Cost (Miscellaneous in FY06 & later)	\$ 3,220	Collector's Coins (New Line Item as of FY11)	\$ 557
Records Checks	\$ 1,155	Cups (New Line Item as of FY11)	\$ 260
Total Department Generated Revenue for Fiscal Year 2011 was:			\$ 1,747,547

Grant Generated Revenue for Fiscal Year 2011: \$814,230

The City of Anderson Police Department aggressively pursues outside funding in an effort to enhance the quality and type of service(s) provided to the community. All programs for which the department seeks funding are pre-approved by management. The police department's grant proposals are required to demonstrate a legitimate need within the community coupled with a proposed program that when implemented, will lead to a quantifiable improvement in the nature and/or magnitude of the problem as compared to the year(s) prior to the grant program being put into practice.

In Fiscal Year 2011 the City of Anderson Police Department's law enforcement grants produced \$814,230. This is referred to as *grant-generated revenue*. The following table depicts

The City of Anderson Police Department Fiscal Year 2011 Annual Report

the various areas wherein the department generated grant revenue to the city during fiscal year 2011:¹⁴

Grant Generated Revenue for Fiscal Year 2011 (Figures are Rounded & Unaudited)			
United States Department of Justice Grant	\$ 25,583	School Dist 5 / SRO (3 in FY06 - FY09)	\$ 84,000
DUI Traffic Grant	\$ 101,695	Violence Against Women	\$ 45,511
HUD (1 Officer Previous Contract Continued)	\$ 31,800	BVP Federal Body Armor Grant	\$ 12,496
School Resource Officer (1) Alt School	\$ 42,133	C.O.P.S. (5 Personnel) (Stimulus Recovery Act)	\$ 187,431
Body Armor Purchase Program	\$ 659	C.O.P.S. Child Sexual Predator Program (CSPP)	282,922
Total Grant Generated Revenue for Fiscal Year 2011 was:			\$ 814,230

Starting FY11, there were 8 personnel funded by grants: 1 Violence against Women Investigator, 2 DUI Officers and 5 “COPS”. The department ended the fiscal year with nine grant-funded slots. In FY11 a slot for a Computer Forensics Investigator was initiated as of (circa) October 1, 2010. The COPS-funded Child Sexual Predator Program (CSPP) grant award was approximately \$465,000 and covers a two-year period. The City of Anderson Police Department was very fortunate to receive the grant award. In addition to an investigator, it included overtime for internet “chatters” and a large amount of cyber-forensics equipment which put our cyber-forensics investigative capabilities years ahead of where it had been. The CSPP award was through the C.O.P.S office¹⁵ and was funded in conjunction with only a few grant awards nationwide.

¹⁴ Source: Police Department records. For more information and historical data, refer to appendix.

¹⁵ The Community Oriented Policing Services Office is managed through the U. S. Department of Justice.

Officer- Generated Revenue for Fiscal Year 2011: \$4,585

A smaller area of budget-offsetting revenue is Officer-Generated revenue. This is extra-duty pay that is run through the city. In some instances, officers work extra duty details under circumstances wherein the payee forwards a check to the city for the services of the officer(s) and the city takes out the necessary deductions and then adds the appropriate funds to the officer’s city paycheck. The expense shows up on the city’s ledger but is offset by the revenue, therefore we report this as offsetting revenue generated by the officers. This type of offsetting revenue for the last five fiscal years is as follows:

Officer-Generated Revenue by Fiscal Year: Extra Duty Run Through City (Unaudited)			
FY07			\$21,100
FY08			\$8,154
FY09			\$18,076
FY10			\$12,837
FY11			\$4,585

In-Kind Contribution was \$1,257,295!

In addition to the direct revenue contribution to the city, the department made additional contributions of an “in-kind” nature totaling \$1,257,295. In-kind contributions provided by the police department to the community are in the form of revenue, maintenance services, off-duty police officer services, reserve police officer services, fine assessments, and equipment that was seized as a result of being related to illegal drug proceeds. In-kind contributions were less in FY11 than previous years due primarily to fewer officers being hired by private businesses for extra duty work. For an itemized explanation of the in-kind calculations please refer to the appendix.

In-Kind Cash/Equipment Contributions. The in-kind cash/equipment contribution for Fiscal Year 2011 consists of the following:

- Criminal and Traffic fine assessments¹⁶ totaled \$743,530
- \$36,786 was the City Garage’s 50% share of the towing and auction proceeds that was split 50-50 with the police department. The department counted its 50% share as a cash contribution and the garage’s share as an in-kind contribution because the tow program requires both the police and garage personnel to operate.

Extra-Duty Employment. According to the City of Anderson Police Department’s General Order Manual, “extra-duty employment” is defined as *any secondary employment that is conditioned upon the actual or potential use of law enforcement powers by the off-duty employee.*¹⁷ In FY11, officers worked approximately 70 hours (aggregate total) per week for a total of 3,640 hours, the equivalent of an additional 1.67 full time officers.¹⁸ The overall value of the extra-duty

¹⁶ This figure “passes through” the city to the state and as such is not included in the “Department Generated Revenue for Fiscal Year” because it has no net value to the city.

¹⁷ General Order 1401.

¹⁸ In FY07 the department converted back to a 42-hour work week from a 40-hour work week. Fiscal Year 2006’s calculations were based upon f/t officers working 2,080 hours per year (52X40). In FY06, officers were scheduled 40 per week. Prior to FY06 and after FY06, officers were and are scheduled at 42 per week. Therefore FYs 07 - 10 calculations are based upon f/t officers working 2,184 (52X42) hours per year.

police services for FY11 was \$67,387. This estimated in-kind contribution includes the base salary and benefits of employing 1.67 additional officers at the near-starting base rate of \$13/hour. For more information on these calculations please refer to the appendix.

Reserve Officer / State Constable Program. During FY11, the City of Anderson Police Department's Reserve Force provided 4,660 hours at \$0-labor-cost and constables provided a total of 165 hours of service to the city of Anderson at no charge. The total 4,825 hours of police services represent an increase of 411.85 from 4,413.15 in FY10. This is equivalent to an additional 2.2 full time officers compared to 2.02 in FY10, 2.14 in FY09, 2.36 in FY08 and 1.87 in FY07. The total in-kind dollar value of this program to the city in FY11 was \$88,735. For more information on this program please refer to the section titled *Reserve Officer / State Constable Program*.

Detention Center. In addition to the direct revenue contribution to the city, the Detention Center made an additional contribution of an "in-kind" nature totaling \$302,857, the same as FYs 2009 and 2010. The in-kind contribution by the Detention Center is for maintenance services (a.k.a. the *Jail Work Program*) that are provided by inmates who are working off their charges in the city jail and by state prisoners who are assigned to the Detention Center to assist with the day-to-day operation of the Detention Center.¹⁹ For detailed information about the Detention Center, please refer to the *City of Anderson Detention Center Fiscal Year 2011 Annual Report*.

Jail Work Program. The City of Anderson Detention Center provides necessary general labor services to the city at no charge. Services are performed by inmates who are sentenced for a variety of misdemeanor convictions in City Court. Typical services provided by the work group include general cleaning of city buildings, washing city vehicles, kitchen work, and light landscaping duties on city-owned properties and right-of-ways around town. In FY11, approximately 12 inmates worked eight hours per day for approximately 200 days providing services that were conservatively valued at \$7.50 per hour. FY11 was the same as FYs 2009 and 2010. In FY08 the figure was approximately 10 per day. The value of these services (base pay + benefits) in FYs 2006 and 2007 was valued at \$154,926, up from \$98,532 in FY05.²⁰ In FY08 the value was \$172,596. The FY08 increase included an increase in workers' comp costs. In FY09, due to a 20% increase in the average number of inmates on work detail (up two, from 10 to 12) the services were valued at \$206,899. FY11 was consistent with FY10 & FY09.

State Prisoners Assigned to City. In addition to the city's jail work program, three inmates from the South Carolina Department of Corrections are assigned to the City of Anderson Detention Center for the purpose of providing general labor services to the Detention Center. The inmates assigned to the APD worked an average of 56 hours per week during FY10, the same as FY09. The value of their services to the city in FY11 was \$95,958, consistent with FY10, FY09 and FY08.

¹⁹ For a complete explanation of the value of these services please see appendix.

²⁰ For a complete explanation of the value of these services please see appendix.

Law Enforcement Personnel

The City of Anderson Police Department consists of seven units:

- Patrol Services and Traffic Services Unit - 54 slots, all sworn
- Investigative Services Unit - 17 slots, 15 sworn & 2 civilians
- Special Operations Unit - 11 slots, all sworn
- Detention Unit - 33 slots, 3 sworn & 30 civilian (2 p/t)
- Administrative Services Unit - 8 slots, 4 sworn, 4 civilians
- Support Services Unit - 21 slots, 9 sworn & 12 civilians (10 p/t)
- City Hall and Court Security - 4 slots, all civilians

The City of Anderson Police Department began FY11 with 146 slots. During the year the two part time Animal Control slots were combined into one full time slot (-1). Two civilian personnel were transferred from the PD's Administrative Unit to the Judicial Division (-2), an additional grant-funded sworn slot was added (+1) and four personnel were transferred to the City of Anderson Police Department's newly formed Security Division from the City Hall Security Division. (+4). The PD ended FY11 with 148 slots on its organizational chart.

Turnover. The agency hired 20 personnel during FY11²¹. Eighteen were new hires and two personnel were rehires. The turnover rate based upon 138 slots was 14.5%.²²

Sworn Personnel. Due to the addition of a grant-funded CSPP Computer Forensics Investigator in FY11, at the end of FY11, the City of Anderson Police Department consisted of 96 budgeted-sworn positions, one more than the end of FY10. The slots were assigned as follows:

City of Anderson Police Department Sworn Personnel as of June 30, 2011						
	Chief	Captain	Lieutenant	Sergeant	Officers	Vacancy
Patrol Services	1	1	1			
Patrol A Shift			1	2	7	1
Patrol B Shift			1	2	7	
Patrol C Shift				2	9	
Patrol D Shift				2	9	
Patrol Traffic				1	2	
Patrol Admin						
Community Ptl.				1	3	1
Detention		1	2			
Investigations		1	1	3	8	
Special Ops.		1	1	2	7	
Support Services		1	1	3	4	
Evidence					1	1
Administration		1	1		2	
Sub Total	1	6	9	18	59	3
Total	<u>96</u>					

²¹ The last CRT # in FY10 was 464. The last CRT # in FY11 was 482. Those 18 new-hires plus the 2 re-hires (CRT #s 352 & 433) brought the FY11 hires to 20. Figures and turnover rates include all slots except crossing guards. Turnover rates do not include personnel who retire/rehire under the TERI Plan because those personnel neither create a vacancy nor fill an existing vacancy. In FY11 one personnel (CRT #079) retired & rehired under the TERI Plan.

²² 20/138 = 14.5%.

Civilian Personnel. The 52 non-sworn members who make up the support staff for the certified officers are employed in specialized functions that are essential to the department in order for it to successfully conduct its daily business efficiently. Civilian personnel are utilized in areas where direct law enforcement action is not required. They are assigned duties that support key aspects of the law enforcement profession. Such duties include maintaining criminal intelligence files, data processing, record keeping, organizational planning and operating the jail.²³

The two Victims' Advocates are funded by state mandated assessments on fines collected in the city of Anderson. Therefore, the cost of maintaining these positions has no actual impact upon the general fund of the city. The Victims' Advocates provide counseling to individuals who have been traumatized by crime and ensures that victims are regularly updated on the status of cases that are pending against the persons who have victimized them.

The Payroll Technician assigned under the Support Services Unit maintains all regular and over time payroll records for the 148 personnel slots listed in the City of Anderson Police Department's budget. These records are broken down by unit and also separated by grant-type for personnel who are grant-funded.

The Animal Control Officer picks up hundreds of animals each year and transports those animals to the Anderson County Animal Shelter where they are humanely cared for until a final home can be found for them. During FY10 the City of Anderson Police Department experimented with having two part-time Animal Control officers in place of one full time personnel. That experiment proved to be less than efficient and we went back to one full-time personnel.

Crossing Guards are an integral and invaluable part of the Department. These personnel are temporarily employed throughout the school year to ensure that school areas are safe for all commuters, including both drivers and walkers. These positions are part-time and the hours are usually immediately prior to or after the beginning and/or dismissal of their assigned school. Their primary duties include - first and foremost – making sure that children behave in a safe and practical manner while arriving at or exiting from school and crossing roadways. They also assist in traffic management by providing a safe and convenient passageway for motorized traffic through the school zones.

The Law Enforcement Technical Services Specialist and Records Specialists within the Admin Unit provide support to all units including the Detention Center. The eight (8) personnel listed for the Administration Unit for FY11 excludes the two slots that were transferred to the Judicial Division (circa) spring 2011.

Part-time medical personnel are assigned to the detention center to ensure that inmates receive proper medical care. The medical personnel, along with booking officers, jailers, "floaters" and transport personnel, ensure that inmates are properly cared for while being securely maintained in our inmate housing facility. In FY10, the number of part-time slots allocated to the medical staff for the Detention Center was increased from one to two. Both slots were filled as of the end of FY11.

The following table is a summary of the respective assignments of the department's civilian personnel.

²³ For information concerning the duties of Booking Officers, Jailers and Transport Officers please refer to the City of Anderson Detention Center Annual Report.

II. Major Accomplishments

The Five-Year Strategic Plan

Purpose. The City of Anderson Police Department is the most visible component of local government and by most peoples' accounts has the most impact on the daily lives of the people who live in and visit our community. For many years this department has played a leading role in city government and in the law enforcement profession. The department's management personnel are committed to this role. We believe that by developing and following a solid *Strategic Plan* we will establish our roadmap for success which will enable us to successfully move forward into the future. Therefore, the City of Anderson Police Department has developed a multi-year Strategic Plan which will provide guidance to the department as it transitions into the 21st century. Most people in academia recommend that a strategic plan project forward between three and five years. Because of the rapidly changing issues that we face today, the Anderson Police Department Strategic Plan extends five years out.

A Strategic Plan is a *blueprint* that enables an organization to build and develop its business response to the needs of its market place in an effort to meet the challenges of the future. Further, it is also a process by which an organization's vision, goals, and objectives (means for achieving goals) are defined, implemented, evaluated, and updated on a continual basis as a means for helping the organization to adapt and thrive in an ever-changing environment. Strategic Planning is sometimes referred to as *Long-Range Planning*, *Five Year Plans* or *Ten Year plans*. All of those labels refer to basically the same concept.

The Strategic Plan of the City of Anderson Police Department is a process for leading, guiding, focusing and directing the agency toward achieving its ultimate mission. This Long-Range planning process is indispensable for ensuring that the department's efforts, resources, and attention are managed at the appropriate levels to meet the needs of the Greater-Anderson community and to avoid the risks associated with becoming stretched too thin as the department attempts to address the ever-increasing multitude of issues that impact our ability to achieve the mission. A policing agency that merely stays focused on day-to-day concerns becomes totally reactive and tends to stifle creativity and innovation -- the very characteristics needed by a modern policing agency.

In March of 2007, the executive staff met to perform a situational assessment of our current environment and evaluate the organization's strengths, weaknesses, opportunities and threats. Out of this analysis came the development of the department's goals and objectives.

In order to achieve the desired goals and objectives, detailed strategies have been established to provide benchmarks on the road to goal-attainment. While input was sought from every member of the department, these strategies are not to be considered all encompassing. The fluidity of modern public safety necessitates frequent review and update.

With more responsibility comes more accountability. This program ensures that division supervisors are knowledgeable about the problems in their areas, develop effective working strategies to address these problems, and are constantly developing internal and external partnerships to eliminate the crime problems in their areas of responsibility and/or expertise. Technology provides the key change in the way that we do business.

While we have a good technological infrastructure, we must learn to use our data in order to make both routine and critical decisions on resource deployment, crime fighting strategies and community enhancement. During the years covered by this plan, we will be using our technology to streamline our administrative functions and allow us to share information rapidly so that crime suppression activities may be used in a timely fashion.

Training will also be a mainstay of our agenda for this plan. We will continue to hire new personnel and provide them with all of the tools and skills necessary for a complex profession. Training, however, will not just focus on the new employee. It will be our goal to improve the skill level of all of our employees.

The two major accomplishments under the five-year-strategic-plan for fiscal year 2011 were (1) continuing to aggressively pursue grant funding to subsidize programs to suppress violent crime and traffic crashes and (2) continuing to build strong partnerships with the Greater-Anderson community. A summary of these two accomplishments is as follows:

1. Grant Funding to Improve Public Safety

In Fiscal Year 2011, the City of Anderson Police Department's law enforcement grants and grant-related funding offset the overall budget by \$814,230. In the annual report this is referred to as grant-generated revenue. Grant funding subsidized the following programs:

Street Level Criminal Apprehension (Overtime)
DUI Traffic Grant – 2 Personnel
Violence Against Women Investigator – 1 Personnel
Simulation Weapons Training Equipment
Community Oriented Policing Services (C.O.P.S. - 5 Personnel; Stimulus Funds)
Community Oriented Policing Services Child Sexual Predator Program

In addition to the above grant-funded personnel, several additional personnel are subsidized through community partnerships. These programs are included in the total reported for grant programs and include:

HUD Officer for Public Housing– 1 Personnel
School Resource Officer Program – 3 Personnel

For more information on the City of Anderson Police Department's grant programs go to www.andersonpd.com.

2. Building partnerships to Strengthen and Protect the Community

Subsequent to the agency's aggressive development of partnerships with surrounding jurisdictions, in FY11, the agency embarked upon a two-year, \$465k grant initiative funded through the COPS office & coordinated through the United States Attorney General's Office to combat Internet Sex Predators who prey upon children. This initiative built upon previous attempts to enhance the agency's cyber-forensics capabilities and resulted in a cyber-forensics lab that is reportedly one of the best equipped labs in the southeast. Additionally, "chatters" were funded and have been trained to participate in online investigations of these new types of criminals.

Additionally, the agency worked extensively throughout FY11 with Anderson University and actually graduated its first two personnel from the Command College's Master's program. The agency has partnered with the local university in an effort to increase the educational & training attainment level of its personnel & as of the end of FY 11 was working with Anderson University, Duke Energy (corporation) and the Anderson County Sheriff's Office to develop a Regional Cyber Forensics Computer Lab in an A.U. satellite location on Murray Avenue which would also house the City of Anderson Police Department's training unit along with the university's command college.

In FY11, The agency started up a new sub-unit, Polygraphy, which performs in-house criminal polygraphs (a.k.a. "lie detector tests") as well as employment polygraphs for new applicants. The sub-unit also partners with surrounding agencies by providing polygraphy services to them in their criminal investigations.

The City of Anderson Police Department has continued to participate in Multi-Jurisdictional task forces including the United States Marshall's Service and Anderson County's Narcotics and Gang Task Forces.

Additional progress has been made toward achieving the following sub-goals contained in the five-year strategic plan in the following areas:

This space intentionally left blank.

Goal 1 - Facilitate crime and traffic accident prevention and reduction through proactive problem solving strategies and community partnerships.

The biggest milestone reached during FY11 toward achieving this goal were (compared to FY10) was that Violent Crimes decreased from 196 to 177. In addition, more positive points are:

- Calls-for-service (CFS) increased 68,380 to 82,388
- Citizen-Generated CFS decreased from 22,844 to 21,448
- Officer-Generated CFS increased from 45,536 to 60,940
- Keep Checks increased from 24,647 to 40,499
- Incident Reports decreased from 6,067 to 5,769
- Criminal Defendants decreased from 1,616 to 1,373
- Robberies decreased from 56 to 41
- Aggravated Assaults decreased from 119 to 114
- Burglaries decreased from 459 to 425

Dispatched Traffic Crashes decreased from 2,049 to 1,988. More positive points regarding traffic safety:

- Traffic Citations were 8,883
- Persons cited on traffic tickets 6,862
- Parking Citations totaled 386

Goal 2 - Restructuring the Department and building organizational capacity to support the reduction of crime and disorder.

The primary milestone reached during FY11 toward achieving this goal was:

The City of Anderson Police Department received a two-year federal Community Oriented Policing Services (C.O.P.S.) grant award of approximately \$465k to fund a Child Sexual Predator Crime Unit consisting of one additional personnel funded under the grant who would be trained in Cyber-Forensics, and overtime for two “chatters”. In addition, a tremendous amount of Cyber-Forensics-Computer lab equipment to analyze computers and computer-related equipment seized subsequent to these type of investigations.

Goal 3 - Enhancing police professionalism and community trust through accountability, performance measures, training, recruiting, and adoption of modern police practices.

The milestones reached during FY11 toward achieving this goal were:

1. ***Training & Development.*** In addition to skill enhancement and mandated training, our continuous training plan will focus on four areas: diversity, problem solving, ethics/integrity/respect, and leadership. While some of these topics will have specialized courses, others will be ingrained into every training course offered. We believe that through effective training of police personnel we can achieve a major improvement in both the quality of police service and the quality of life for residents in Anderson, South Carolina. The City of Anderson’s Personnel Department oftentimes sponsors mandatory training on topics such as Diversity which affect the overall morale of the agency as well as that of civilians.

2. ***Recruitment and hiring.*** The department started up a Polygraphy sub-Unit in FY11. In addition to Criminal Investigative “Lie Detector” tests, the police department’s Polygrapher tests Police applicants prior to them being extended a job offer. A number of candidates who at first looked and sounded like excellent candidates but who had an excessive amount of baggage were screened from the process, alleviating the City of Anderson Police Department a great deal of future grief from potential criminal and/or civil wrong-doing we would have most likely had to eventually address.

Goal 4 - Acquiring modern technology, information management, and infrastructure that supports organizational goals and objectives.

The milestones reached during FY11 toward achieving this goal were:

1. The City of Anderson Police Department began serious negotiations to “sign on” with Anderson University and partner with the local university in an effort to increase the educational & training attainment level of agency personnel. In FY11 the agency actually had its first two graduates from the Anderson University Command College master’s Program which is specifically tailored for Law Enforcement Management. As of the end of FY11 the City of Anderson Police Department was working with Anderson University, Duke Energy (corporation) and the Anderson County Sheriff’s Office in an effort to develop a Regional Cyber Forensics Computer Lab in a. A.U. satellite location on Murray Avenue which would also house the City of Anderson Police Department’s training unit.
2. The City of Anderson Police Department received and implemented a two-year, \$465k grant initiative funded through the COPS office to combat Child Sexual Predators. It is coordinated through the United States Attorney General’s Office to combat Internet Sex Predators who prey upon children. This initiative built upon previous attempts to enhance the agency’s cyber-forensics capabilities and resulted in a cyber-forensics lab for analyzing computers and computer-related equipment used in connection with ICAC criminal activity. The City of Anderson Police Department’ Cyber-Forensics-Computer Lab is reportedly one of the best equipped labs of that type in the southeast.
3. As of the end of FY11, the APD had started up its Polygraphy Program and acquired the technical equipment necessary to function. The agency’s Polygrapher was “in business” during FY11, available to interview criminal suspects as well as job applicants.

This space intentionally left blank.

Daily Operations, Crime Suppression and Traffic Crash Reduction

The City of Anderson has decreased its violent crime rate since the mid-nineties and is currently enacting programs expected to decrease traffic accidents. The department divides the city into six patrol zones that substantially coincide with the individual wards. The zones are different sizes, with zones three and four being the smallest. Zones one and six are the largest. The zones are substantially the same as the political subdivisions of the city (wards).

The following sections detail public safety in the city as it pertains to (1) crime and (2) traffic accidents. An attempt is made to detail the major criminal activity and explain the frequency of the activity.

A Significant Decrease in Violent Crime Since 1995

Uniform Crime Report (UCR) Violent Crime. The City of Anderson Police Department tracks major violent crimes and major property crimes. Our overall measurement of safety within the City of Anderson is the measurement of the following major violent crime: Murder, Robbery, Rape and Aggravated Assault. The figures contained in this section of the annual report are comparable to the City of Anderson from year to year and across years. In other words, the same type of crimes have been measured either by counting reports by hand prior through approximately Fiscal Year 2004 or pulling the data electronically for the last few years. However, the department's internal figures for the federal classifications as compiled by the United States Department of Justice for some crimes are somewhat different, especially for Aggravated Assault.

In the FBI's Uniform Crime Reporting (UCR) Program, violent crime index is composed of four offenses: murder and nonnegligent manslaughter, forcible rape, robbery, and aggravated assault. Violent crimes are defined in the UCR Program as those offenses which involve force or threat of force. For the most part the City of Anderson Police Department measures our major classifications in the same way except for aggravated assault. The City of Anderson Police Department has always limited its count of aggravated assaults to *Assault & Battery of a High and Aggravated Nature, Assault with Intent to Kill* and *Criminal Domestic Violence of a High & Aggravated Nature* because these type assaults are the ones that include serious circumstances. The Feds include additional assaults in their classifications. Therefore, the federal classifications should be used when comparing the City of Anderson's crime counts and crime rates to the national, regional, state or county averages (or to other areas) and the agency's internal counts limited to serious assaults should be utilized when tracking our crime counts and crime rates over time.

Caution against ranking. Each year when the federal data is published, some entities use reported figures to compile rankings of cities and counties. These rough rankings provide no insight into the numerous variables that mold crime in a particular town, city, county, state, or region. Consequently, they lead to simplistic and/or incomplete analyses that often create misleading perceptions adversely affecting communities and their residents. Valid assessments are possible only with careful study and analysis of the range of unique conditions affecting each local law enforcement jurisdiction. *The data user is, therefore, cautioned against comparing statistical data of individual reporting units from cities, metropolitan areas, states, or colleges or universities solely on the basis of their population coverage or student enrollment.*

City of Anderson’s crime reports. The overall average number of yearly violent crime reports for the 21-year period ending with FY11 was 286.6 with a standard deviation of 168.7. (The median was 231.) Calendar Year 1995 was the worst year on record for overall violent crime in Anderson City. During CY95 there were 567 written reports of violent crime in Anderson City as compared to the best year – Fiscal Year 2005 – with 86. Our best “run” on record was from 1996 – FY03. For the eight consecutive years ending with FY03, crimes of confrontation decreased yearly and substantially in Anderson. A slight spike occurred in FY04 followed by another dip in FY05. After two successive years of increased violent crime counts, FY08 experienced a decrease and was followed by two successive yearly increases in FY09 & FY10. FY11 showed a 9.7% decrease in violent crime as compared to FY10.

Fiscal Year 2005 was the first complete fiscal year that the department had its South Carolina Incident Based Reporting System “up-and-running”. This system allows a substantially increased amount of information to be electronically entered onto reports than the previous hand-written procedures utilized by the department. Prior years required “hand-counting” hard copies maintained in notebooks. We believe the electronic system has present as well as historical integrity and that the violent crime figures reported from the system are compatible with SLED’s reported format from previous years. For that reason, the FY06 (and forward) annual report data can be accurately compared to previous years. The following chart represents the department’s production of incident reports since Calendar Year 1989. As depicted, during FY09 the City of Anderson Police Department produced a record number of incident reports.

The 5,769 incidents reports listed for FY11 contained a total of 6,558 occurrences of 57 different federal classifications of events. Those federal classifications entailed 357 State and/or City Statutes which occurred a total of 6,853 times. The appendix contains a complete listing of the federal classifications, state statutes involved and the zones from which the reports were written. The 5,769 written incident reports listed by zones²⁴ are as follows:

Fiscal Year 2011		
<u>Zone</u>	<u>Total</u>	<u>Percent</u>
1	1106	19.2%
2	809	14.0%
3	1519	26.3%
4	649	11.2%
5	681	11.8%
6	886	15.4%
7	118	2.0%
N/A	1	0.0%
Grand Total	5769	100.0%

The murder rate for the City of Anderson has decreased substantially since it peaked at nine per year in 1992 and 1993. The change in the murder rate for the City of Anderson has

²⁴ For a detailed listing of federal offense codes & state statutes by zone see appendix.

The City of Anderson Police Department Fiscal Year 2011 Annual Report

shown a change which corresponds with that of the overall violent crime rate. The following chart depicts the yearly number of murders in Anderson City for the 21-year period ending with FY11, the overall average, and four moving averages.

MAJOR CRIMES BY YEAR AS PER UNIFORM CRIME REPORTS

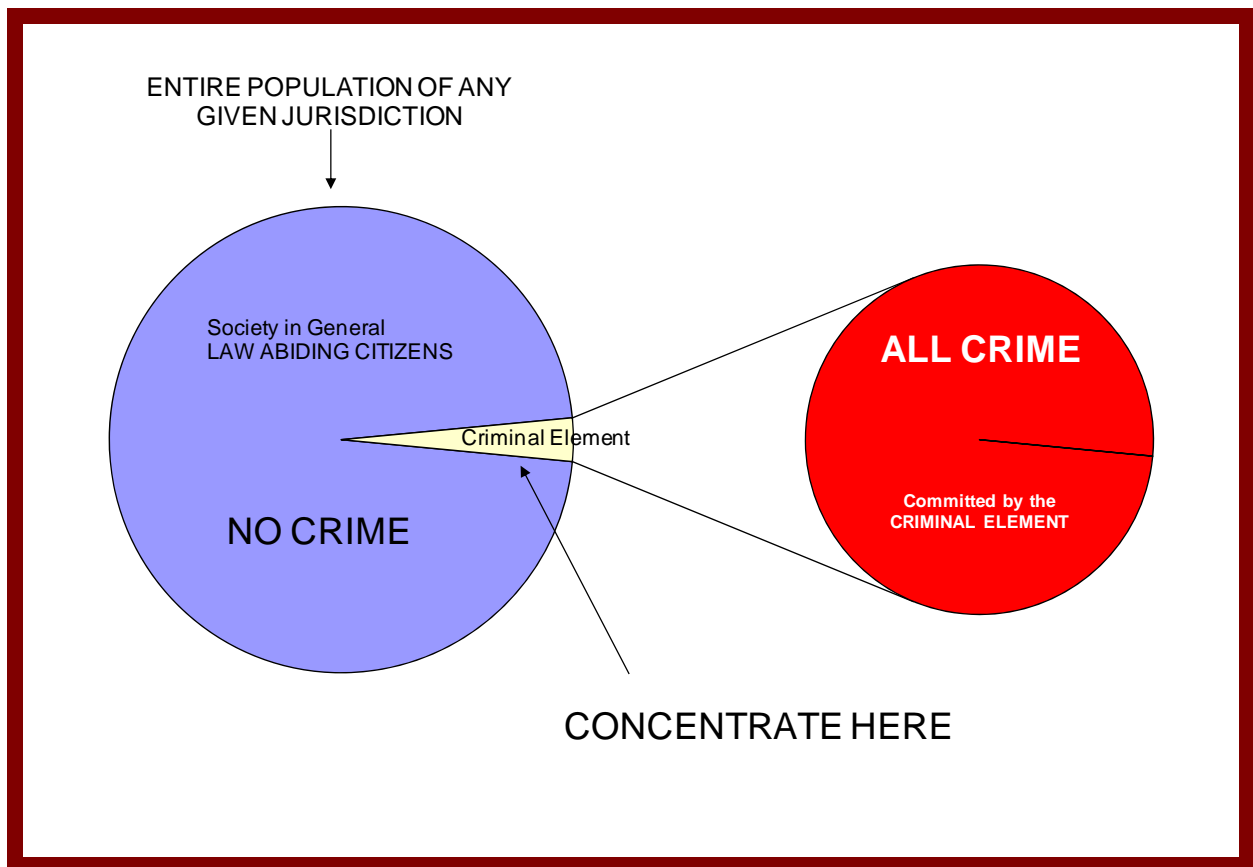

INDEX CRIMES	1991	1992	1993	1994	1995	1996	1997	1998	1999	2000	FY 2001

The City of Anderson Police Department Fiscal Year 2011 Annual Report

The City of Anderson Police Department routinely analyzes criminal activity and crime rates to understand the crime trends for particular areas. Special attention is given to reports of violent crime, drugs, and illegal weapons because previous research has established a nexus among these criminal components and also between these crimes and other types of criminal activity, both violent and non-violent²⁵. This form of crime analysis is part of the basis for the current focus of the *Street Level Apprehension Program*. This program has resulted in the arrest of hundreds of criminal offenders since the spring of 1997 and the violent crime rate in the City of Anderson has shown a decrease during the same period.

The premises behind the City of Anderson Police Department's programs to control violent crime are (1) violent crime is controllable and (2) decreasing violent crime in a particular environment can be achieved through (a) modifying the environment by limiting the opportunities for people to commit crime, and/or (b) pro-actively arresting, convicting, and incarcerating offenders, thereby removing the perpetrators of crime from the environment. The following illustration depicts the City of Anderson Police Department's model for its crime-control programs:

²⁵ Research indicates that illegal weapons, drugs, and violent crime are correlated. In addition, these types of crimes occur disproportionately in conjunction with many other types of crime(s). Additionally, the primary nexus is drugs which seem to be correlated with more crimes more than any other single correlate.

Calls-for-Service. Since CY93, calls-for-service activity has shown an increase almost every year. The City of Anderson has a 100% response policy. In essence, every call for police service(s) results in a personal contact between an officer and a complainant unless the complainant specifies to the dispatcher that they prefer otherwise. By and large, the citizens of Anderson City are comfortable calling on the police department to report actual or potential criminal activity. Many calls to the police are the result of citizens who have seen an advantage to stepping up their efforts in helping police by reporting suspicious activity.

The call-for-service analysis is based upon data that is electronically downloaded from Anderson County's Central Dispatch. Every service-activity by an officer is considered a call-for-service, whether citizen-generated or officer-generated. Some examples of officer-generated call-for-service would be traffic stops, keep checks and building checks.

The number of calls-for-service to the police department has increased substantially since 1993. The following chart lists the actual numbers of calls-for-service that were addressed by the police department during the nineteen-year period ending with FY11.

As the above chart depicts, fiscal year 2007 showed the highest percent of increase in calls-for-service activity of any year on record with an increase of 64.6% over fiscal year 2006. However, the biggest impact upon the increase was in officer-generated calls, especially “keep checks”. Near the end of Fiscal Year 2006 the department initiated an aggressive outreach program intended to provide increased security services to businesses and churches by officers checking the buildings and documenting the checks via central dispatch. Fiscal Year 2007 was the first complete fiscal year that this program was in effect. In FY07, compared to FY06, citizen-generated calls increased only 1.9%,

but officer-generated calls increased 169.1%. There were 22,681 officer initiated keep checks in FY07, compared to 867 in FY06. Naturally this was the single largest increase in any call category for FY07.

There was a decrease of 1,009 (-1.5%) calls-for-service in total call volume for FY10 as compared to FY09. Compared to the previous fiscal year, in FY10 there were 3,490 fewer citizen-generated calls-for-service and 2,481 more officer-generated calls-for-service. One of the largest differences in the tallies of call types in FY10 compared to FY09 seemed to be *Building or Keep Checks* which are officer-generated. In FY10, there were 24,647 of these calls-for-service listed, an increase of 698 from 23,949 in FY09. The 20.4% increase in overall calls-for-service in FY11 was mainly the result of an increased number of building & keep checks (officer-generated CFS). In FY11, Building & Keep Checks increased to 40,499 up 64.3% from 24,647 in FY10.

Officers in the police department aggressively patrol for prowlers, potential burglars and other types of predatory persons during the nighttime hours. A substantial part of this counter-predator patrol is in performing “building checks” and “keep checks”. A *building check* is simply the process of officers checking buildings in their assigned zones for signs of criminal activity. A *keep check* is the same type process but is performed for private citizens during their absence from their residences subsequent to the citizens having notified the department of the fact that they are out of town for a specific time frame. In Fiscal Year 2011, there were 40,499 “building checks” and “keep checks”.

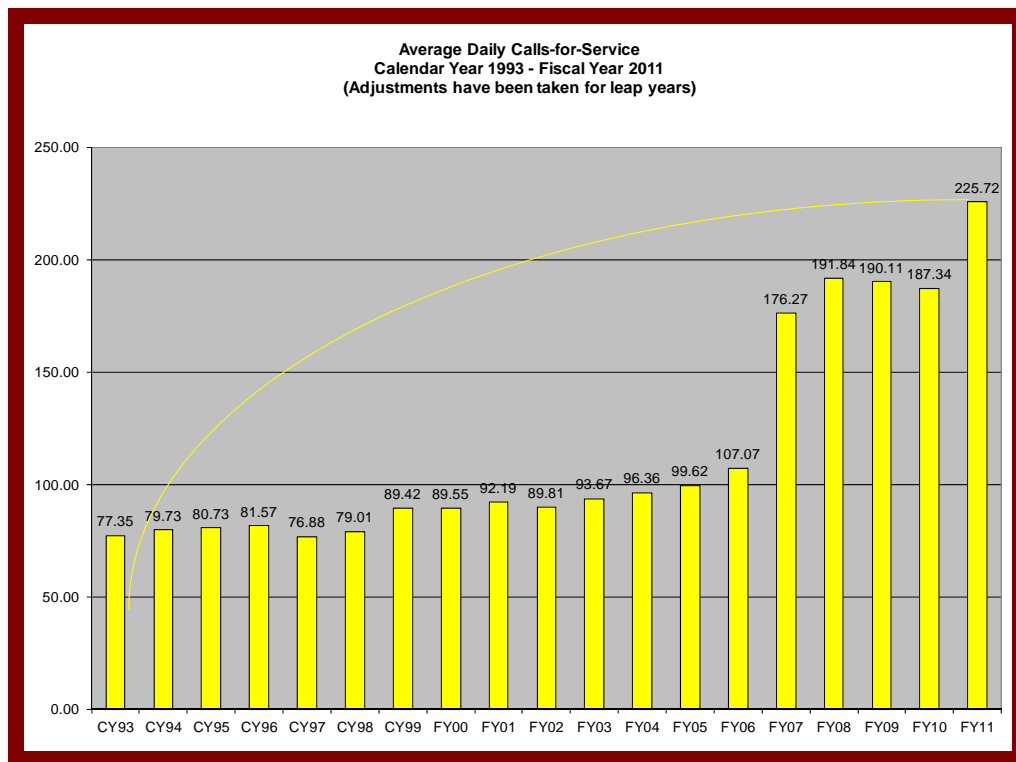

As of fiscal year 2007, management decided to track calls-for-service by category and type in order to determine the frequency of various types of calls as well as analyze any changes that may occur over time. The counts for major call categories by year are as follows.

Call-for-Service Category	Year and Change from Previous Year					
	FY07	FY08	FY09	FY10	FY11	% Change
Alarm	2,986	3,194	3,294	3,196	3,233	1.2%
Animal Call (New category FY09+)*	N/A	N/A	1,904	1,751	1,486	-15.1%
Citizen Assist	504	499	542	523	463	-11.5%
Counter-Crime	4,421	4,659	4,592	4,027	3,805	-5.5%
Domestic or Civil Dispute	2,877	2,964	3,110	3,080	2,940	-4.5%
Drug or Alcohol Crime	387	401	356	328	322	-1.8%
EMS Assist	364	350	401	382	452	18.3%
Fire Assist	250	372	434	379	458	20.8%
General Service (No Animal Calls FY09+)*	33,731	34,847	30,618	31,052	46,334	49.2%
Property Crime	3,515	3,614	3,854	3,505	3,510	0.1%
Quality of Life	1,400	1,395	1,258	1,129	1,137	0.7%
Traffic Related (Non-Crash)	10,961	14,551	15,337	15,584	15,076	-3.3%
Traffic Related (Wreck)	1,630	1,806	2,104	2,049	1,988	-3.0%
Violent Crime	999	1,140	1,153	1,023	862	-15.7%
White Collar Crime	312	423	432	372	322	-13.4%
Grand Total	64,337	70,215	69,389	68,380	82,388	20.5%

*In FY09 the animal calls were broken out from General Service & reported as a new category.

The *type* of call is based upon the ten-code listing as electronically stored in Anderson County’s Central Dispatch CAD system. The *categories* were determined by the executive staff of the police department. To view a list of categorized calls by type please refer to the appendix.

The following pages depict in chart form various time-study analysis of the police department’s “workload” with respect to calls-for-service. The following graph displays the change in the average number of calls-per-day-per-year since calendar year 1993. Adjustments have been taken for leap years.

Citizen-generated vs. officer-generated calls-for-service. For years prior to FY08, the citizen-generated portion represents the calls with a one-second or higher response time. The FY10 electronic data received from Central Dispatch lacked sufficient *dispatch to on-scene* time-data to determine officer-generated calls versus citizen-generated calls, based upon *zero-response times*. However, after reviewing the matter it was determined that a better representation of these two major call categories probably should be determined by the type of call instead of the response time. Generally, there is a relatively small percentage of call types that normally have a significant percentage of zero response times, therefore we designated those major type calls as officer-generated. For a line-item description of the CFS that were designated as citizen-generated vs. officer-generated, refer to our call-for-service spreadsheet on our website.

The next chart will depict the relative daily change in the number of citizen and officer-generated calls-for-service since FY04.

The City of Anderson Police Department Fiscal Year 2011 Annual Report

The next two charts indicate the daily averages by month and weekday. The “busiest” month of FY11 for citizen-generated calls was June 2011 with an average number of 63.7 calls-for-service per day. The “busiest” month of FY10 for citizen-generated calls was June 2010 with an average number of 68.9 calls-for-service per day. In FY09, the busiest month was August 2008, which came in at 85.4 calls-for-service per day. In FY11, the “slow” month was February 2011 with an average of 51.3 citizen-generated calls-for-service per day.

The chart that depicts the weekday averages shows that Mondays – Thursdays were relatively sane with respect to citizen-generated call-volume. Fridays were noticeably above normal and Sundays were well below. But other than those variations, the weekday columns are relatively near each other in height.

As illustrated by the following two charts, during FY11 the fewest number of citizen-generated calls were answered during the early morning hours with 05:00 – 05:59 being the slowest individual hour of the 24-hour day. In FY10, the slowest was 4:00 – 4:59 (the same as FY09). In FY08, the slowest was 5:00 – 5:59 a.m. In FY11 the busiest one-hour period was from 15:00 – 15:59. In FY10 it was from 16:00 – 16:59, in FY09 it was from 15:00 – 15:59 and in FY08 it was 14:00 – 14:59. The busiest period for all officer-generated activity was 01:00 – 01:59 (the same as FY09).

Traffic Management and Safety Initiatives

Traffic Officers in the City of Anderson Police Department are currently trained in several aspects of accident investigation and have in previous years traditionally spent more time working accidents than proactive traffic management. In the second half of the last decade, the range of traffic tickets was up from prior years' numbers but the relatively mild increase seemed to have no measurable impact upon the crash rate. Research has indicated that, over time, the issuance of traffic citations in a jurisdiction is correlated negatively with traffic accidents. However, a "critical mass" must be reached. (i.e. a minimum number of citations must be issued before any affect on accidents will be noticeable.)

In 2000, department officials established the long-range goal of making Anderson City one of the top ten safest cities in South Carolina within five years. At that time it was decided to use South Carolina Law Enforcement (S.L.E.D.) data for crime comparison and evaluation purposes and compare Anderson with other cities of similar size. To reach the goal of becoming among the state's top ten safest cities, it was determined that we should continue to **concentrate on decreasing the violent crime rate and simultaneously work proactively to reduce the city's traffic crash rate.**

During FY11, 8,883 traffic citations were issued, down 5.2% from 9,373²⁶ in FY10 and 386 parking tickets²⁷, down 40.7% from 651 in FY10.²⁸ Traffic Crashes were 1988, a decrease of 3.0% from 2,049 in FY10.

²⁶ 9,372 were written by APD personnel and 1 by City Hall personnel.

²⁷ 328 by City Hall personnel and 58 by City of Anderson Police Department personnel.

²⁸ Data includes all charges filed in city court. Please see Appendix.

The department attempts to facilitate its traffic management programs by analyzing and evaluating wrecks in an effort to determine when and where accidents occur and how to best allocate resources. To determine when accidents occur, an analysis was performed to determine the variation in the number of traffic crashes across months, weekdays, hours of the day, and hours of the week. This study is provided as an example of how various types of analyses are used to assist management in the day-to-day allocation of human resources in a practical effort to maintain the traffic-crash-count as low as possible.

In addition to analyzing crash data by month, the department also analyzes weekdays. As a general rule, in past studies, Fridays have shown the highest frequency of accidents. The following chart indicates the daily averages for dispatched calls-for-service regarding traffic accidents in the City of Anderson for FYs 07-11.

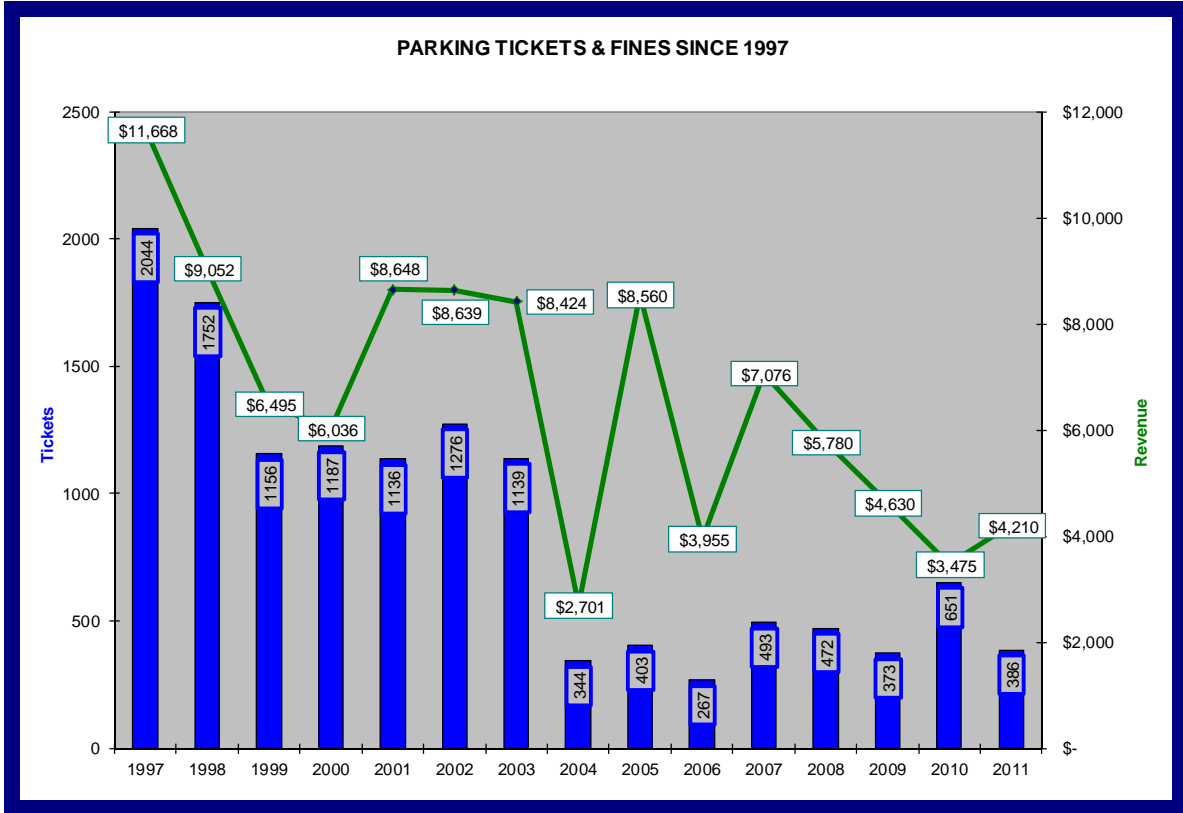

The average number of wreck calls during each hour of the 24-hour day in FY11 was 82.83 down 3.0% from 85.38 in FY10. As in past years, the crash-count varied wildly throughout the 24-hour period. The following chart indicates the frequency for traffic accidents in Anderson by time of day for fiscal years 2007 - 2011.

As the previous chart indicates, 16:00 – 16:59 was the busiest period for FY07. The period from 15:00 p.m. to 15:59 p.m. showed the highest number of accidents for FY08, FY09, FY10 and FY11. The early morning hours of 03:00 to 3:59 was the “slowest” time for accidents in FY07. The slowest time was 05:00 – 05:59 in FY08, 04:00 – 04:59 in FY09 and 03:00 – 03:59 in FY10. In FY11, the slowest period was 02:00 – 02:59. Typically, at about 07:00 – 07:59, the frequency of accidents increases dramatically and is consistent with the typical schedule of city residents. Most of these early morning accidents involve motorists commuting to and from work or school.

Prior to FY09, the City of Anderson Police Department had an officer assigned full time to the downtown area to manage downtown parking. During FY09, this position was moved from the police department Administrative Unit to City Hall (security unit). In FY11, the City Hall Security Division was placed under the control of the Chief of Police. Parking management is a component of the City Hall Security Division.

The following chart plots the number of parking citations that have been issued by the police department since 1997 and lists the amount of revenue collected during the same periods.²⁹

Reserve Officer and State Constable Program

The City of Anderson Police Department maintains an active Reserve Police Force that consists of private citizens who volunteer their time to serve as police officers for the City of Anderson. The Reserve Police Force is under the direct chain-of-command of the Patrol Unit and exists primarily to assist full-time officers in accomplishing the police department’s overall mission of serving the public, protecting innocent people, and enforcing local and state laws, as applicable. When officially on-duty, a Reserve Police Officer has full law enforcement authority when in contact – either directly or by electronic means – with a full time, on-duty officer. In addition to reserve police officers, the police department allows state constables to participate in patrol with full time officers.

Typically, reserve officers are assigned to special events such as parades, The Midnight Flight and other events where utilization of additional uniformed personnel is needed. Reserve officers are routinely assigned to regular patrol to “partner” with full-time officers, thereby enhancing the safety and effectiveness of the department by instantly converting a “one-person” unit into a “two-person” unit. In most cases this decreases the need to call a second car for backup, reduces response times and conserves resources.

²⁹ City of Anderson Docket (“JEMS” Database)

The City of Anderson Police Department is effectively involved with revitalizing the downtown historical district. Oftentimes, event sponsors and civic leaders request police visibility when events are being planned which are intended to attract a large number of out-of-town patrons. The police are asked to “patrol” for visibility and to render assistance (provide directions and information about community interests) as needed. The usual events that are held downtown on the weekends are generally family related and therefore require little or no actual police action so, in addition to their assistance in special events and routine patrol, reserve officers are often assigned to “Downtown Patrol” on Friday and Saturday evenings. Most of the members of the Reserve Police Force are full-time, professionally employed family people; therefore this particular assignment is quite popular.

During Fiscal Year 2011, the City of Anderson Police Department Reserve Force’s total “Human-Resource-Hours” worked were 4,825, up 9.3% from 4,413.15 in FY10.³⁰ The amount of work performed by Reserve Officers in FY11 was equivalent to employing 2.2 full time officers at a projected cost of \$88,735.³¹ Those services were provided at no cost to the city.

The Reserve Police Force is an invaluable recruiting tool for the City of Anderson Police Department because it provides management with an opportunity to observe potential candidates for full-time employment prior to selection. Although service in the Reserves is not a prerequisite to full-time employment, some of the city’s best officers began their law enforcement career in the reserves. Furthermore, many people who are interested in law enforcement as a career, but are concerned about making an up-front decision to go full-time, will try the Reserve Police Force prior to applying for a full-time position.

The same criterion is used for selection in the Reserve Police Force as is used in the selection process for officers for the full-time police force. Some of the essential requirements are that applicants are required to (1) be at least 21 years of age, (2) be physically fit, (3) have a clear criminal history, (4) provide Motor Vehicle Department records indicating a good driving history, and (5) have a high school diploma or its equivalent. In addition, it is essential that applicants be in good standing with the community. The City of Anderson Police Department actively recruits for the Reserve Police Force and encourages all interested persons who meet the previously listed criterion to contact the Captain of Support Services to schedule an appointment to discuss the additional requirements and benefits of participation in the city’s Reserve Police Force.

This space intentionally left blank.

³⁰ Figures include constables.

³¹ City of Anderson Police Officers’ basic schedule was 42 hours per week. $4,825/2,184 = 2.2$.

III. **Fiscal Year 2011 Goals & Extent of Goal Achievement**

1. *Decrease the incidents of major violent crimes and/or the violent crime rate.*

Extent of Goal Achievement: This goal was achieved in FY11 and shows potential for long-term sustainability. Although murders increased for the 3rd consecutive fiscal year in a row and was above the 21-year average for 1991 – FY11, the raw count of violent crimes decreased from 196 in FY10 to 177 in FY11 (-9.7%). The department plans to continue to seek ways to decrease the counts of crimes of confrontation to the average of the five-year period from 2001 – 2005.

2. *Decrease the incidents of major property crimes and/or the property crime rate.*

Extent of Goal Achievement: This goal awaits achievement. In FY11, the raw count of property crimes increased by 32 to 1,996 from 1,964 in FY10.

3. *Continue aggressive traffic management targeting high-crash areas in order to affect a decrease in traffic accidents.*

Extent of Goal Achievement: This goal was partially achieved in FY11 and shows potential for long-term sustainability. In FY11, the raw count of dispatched traffic crashes decreased by 61 (-3.0%) to 1,988 from 2,049 in FY10. Though the 5-year rolling average for FY07 – FY11 is the highest on record and FY11's dispatched traffic crashes are higher than the 5-year rolling average, the agency sees the year-over-year decrease in traffic crashes as a measurable movement in the right direction. Yearly decreases will ultimately decrease the rolling trends, thereby building into long-term, sustainable public safety improvements.

4. *Implement Year 3 of the Violence Against Women Investigative Initiative.*

Extent of Goal Achievement: This goal was achieved. The agency continues to aggressively apply for grant funding to decrease all forms of violent & property crime and especially seeks resources to protect the most vulnerable members of society such as women, children & elders. In addition to the VAWA grant, the agency also procured \$465k in federal funding for a Child Sexual Predator Crime Unit which was an initiative to protect children from online predators.

5. *Continue to develop partnerships and work with the community to reduce crime.*

Extent of Goal Achievement: This goal was partially achieved in FY11 and shows potential for long-term sustainability. In FY11, the agency embarked upon a two-year, \$465k grant initiative funded through the COPS office to combat Internet Sex Predators who prey upon children. This initiative built upon previous attempts to enhance the agency's cyber-forensics capabilities and resulted in a cyber-forensics lab that is reportedly one of the best equipped labs in the southeast. Additionally, "chatters" were funded and have been trained to participate in online investigations of these new types of criminals.

Additionally, the agency worked extensively throughout FY11 with Anderson University and actually graduated its first two personnel from the Command College's Master's program. The agency has partnered with the local university in an effort to increase the educational & training attainment level of its personnel & as of the end of FY 11 was working with Anderson University, Duke Energy (corporation) and the Anderson County Sheriff's Office to develop a Regional Cyber Forensics Computer Lab in a. A.U. satellite location on Murray Avenue which would also house the City of Anderson Police Department's training unit.

The agency started up a new sub-unit, Polygraphy, which performs in-house criminal polygraphs (a.k.a. "lie detector tests") as well as employment polygraphs for new applicants. The sub-unit also partners with surrounding agencies by providing polygraphy services to them in their criminal investigations.

6. *Implement Year 3 of the DUI Traffic Grant Initiative.*

Extent of Goal Achievement: This goal was achieved. The agency did receive funding for year 3 of the program and implemented funding in accordance with federal and state laws and regulations. In addition, the City of Anderson Police Department continues to aggressively apply for grant funding to increase public safety at all levels (traffic safety, violent crime, property crime, cyber-crime, etc.) by decreasing through incarceration the number of criminals who disrupt the peace, good order and harmony of the community by practicing illegal activities.

7. *Seek grant funding to increase Cyber Forensics investigative capability.*

Extent of Goal Achievement: This goal was achieved in FY11 and shows potential for long-term sustainability. As mentioned in a previous goal-achievement sub-point, in FY11, the agency received a \$465k award to enhance its cyber-forensics lab. The award was for the purpose of identifying, investigating, apprehending and prosecuting cyber-sex-predators who target children through digital media. This was one of the agency's largest equipment (grant) awards in its history of grant-procurement and a major installment toward its plans to develop a Regional Computer Forensics Lab.

8. *Implement U.S.D.O.J. Federal Grant Awards in order to continue the department's existing successful Street Level Criminal Apprehension Program.*

Extent of Goal Achievement: This goal was achieved. The agency received the Justice Assistance Grant (JAG) in the amount of \$25,583. Approximately \$15,583 was utilized covering overtime for Street Level Criminal Apprehension activities. The remaining approximately \$10,000 was used to purchase Simulated Firearms Training Equipment.

9. *Continue existing partnership with local schools to continue the School Resource Officer Program at the Alternative School, McCants Middle School and Southwood Middle School.*

Extent of Goal Achievement: This goal was achieved but shows challenging potential for long-term sustainability. During FY11, the agency maintained its SRO

relationships with School District Five (Southwood Middle School and McCants Middle School) and the Alternative School. These two school districts aggressively subsidize our SROs who are assigned to their schools. However, toward the end of FY11 the agency began to receive feedback that S/D 5 was planning to restructure and if so, it would reduce Southwood Middle School to an arts school & downsize that SRO funding. The City of Anderson Police Department has added SRO grant funding to its future grant-procurement plans in order to attempt to regain a SRO initiative in the affected school as well as the Anderson V Career Campus.

10. *Increase the amount of secondary (extra-duty) police work by police officers.*

Extent of Goal Achievement: This goal was not achieved. The in-kind contribution resulting from private-pay of off-duty police officers who work security details for private businesses and individuals decreased substantially in FY11 compared to previous years' reported rates. Examples of these types of secondary employment include, but are not limited to, police officers working sports events, downtown events, community events sponsored by various churches, especially during the holidays, banks, stores and restaurants. Though the agency assumes complete & unconditional responsibility and accountability for goal-achievement, in this particular matter we note that forces outside of the agency's control, including the prevailing economic conditions (of the nation, region, state and county) affect the agency's potential for achieving this goal more than internal factors, by far. The economic downturn has negatively affected the revenue streams of local businesses, civic organizations and individuals, thereby decreasing the availability of outside employers of the City of Anderson Police Department's off-duty personnel.

11. *Increase the number of active reserves [or the amount of Reserve-Human-Resource hours worked].*

Extent of Goal Achievement: This goal was achieved in FY11 and shows potential for long-term sustainability. During FY11, the City of Anderson Police Department's Reserve Force provided 4,660 hours and constables provided a total of 165 hours of service to the city of Anderson. The total 4,825 hours of police services represent an increase of 411.85 from 4,413.15 in FY10, an increase of 9.3%. This is equivalent to an additional 2.2 full time officers compared to 2.02 in FY10 and 2.14

12. *Continue to recruit and hire qualified women and minorities.*

Extent of Goal Achievement: This goal was achieved. In FY11, based upon a review of the agency's organizational charts, the City of Anderson Police Department hired one African-American male, one Cuban male and two Hispanic females. The agency's recruiting personnel has aggressively sought to advertise openings on all available media in an effort to recruit qualified personnel from all backgrounds and every available opportunity to attract minority & female applicants was exercised.

13. *Increase the number of General Orders in compliance with state accreditation and continue to advance toward achieving state accreditation.*

Extent of Goal Achievement: This goal was achieved in FY11 and shows potential for long-term sustainability. During FY11, the City of Anderson Police Department achieved State Accreditation. This was a huge accomplishment and a major milestone for the agency. The agency assigned one of its most experienced and seasoned personnel to achieving this objective in FY11 and that personnel is maintaining oversight of the accreditation program.

This space intentionally left blank.

IV.

Conclusion

The City of Anderson Police Department provided valuable community service to the citizens of Anderson in FY11. As in previous years, and consistent with the City of Anderson Police Department's Mission Statement, the public safety was stressed and service was provided in a professional and cost-efficient manner. In addition, the police department contributed more than \$2,500,000 in real dollars toward offsetting the cost of funding public safety in the City of Anderson.

In FY11, paid-service-activity increased substantially, mainly due to the department's aggressive nighttime community-security program wherein officers checked potential crime-target locations approximately 40,499 times, up 64.3% from 24,647 in FY10. Although property crime increased 1.6% over FY10, major violent crime showed a decrease of 9.7% from FY10. Programs and resources which are anticipated to suppress the rate during the upcoming fiscal year were procured and put into place.

FY11 department total net revenue exceeded the previous ten year's average by almost \$164,000. The in-kind contribution was almost \$1,250,000.

Police Department management is continuing to develop plans for decreasing the violent crime and property crime rates and is preparing to meet the challenges provided by the next generation of criminals. The City of Anderson Police Department plans to continue improving its current programs as well as explore new and innovative approaches to law enforcement. The department expects Fiscal Year 2012 to build upon the progress that was achieved in Fiscal Year 2011.

V. Goals for Fiscal Year 2012

1. Decrease the incidents of major violent crimes and/or the violent crime rate.
2. Decrease the incidents of major property crimes and/or the property crime rate.
3. Continue aggressive traffic management targeting high-crash areas in order to affect a decrease in traffic accidents.
4. Implement Year 4 of the Violence Against Women Investigative Initiative.
5. Continue to develop partnerships and work with the community to reduce crime.
6. Seek additional funding to offset negative impact of the DUI Traffic Grant Initiative which will end in FY12 (as of September 30, 2011).
7. Seek grant funding to increase Cyber Forensics investigative capability.
8. Implement U.S.D.O.J. Federal Grant Awards in order to continue the department's existing successful Street Level Criminal Apprehension Program.
9. Continue existing partnership with local schools to enhance safety and security in and around schools. This goal includes (but is not limited to):
 - a. Continuing the School Resource Officer Program at the Alternative School and McCants Middle School.
 - b. Seeking grant funding for two additional SROs: One for Southwood Middle School and one for the Anderson V Career Campus.
 - c. Developing programs and grant proposals to acquire equipment and training to increase environmental security in and around school campuses.
10. Increase the amount of secondary (extra-duty) police work by police officers.
11. Increase the number of active reserves and/or the amount of Human-Resource contribution from this program.
12. Continue to recruit and hire qualified women and minorities.
13. Develop a "Secure Our Schools" (COPS) grant proposal and implement the award.
