

The City of Anderson Police Department

Mission Statement

The mission of the City of Anderson Police Department is to serve the public, protect the innocent, and enforce city, state, and federal statutes within the city limits of Anderson, South Carolina. This is accomplished through a comprehensive Total Quality Management process which emphasizes a team approach geared toward the protection of life, liberty, and property, the preservation of peace, and the prevention of crime. Each operational area will work together in a responsible and professional manner in order to promote an environment in which all citizens will be able to live peacefully, work diligently, enjoy recreational activities, and be safe from threat of harm.

Fiscal Year 2012 Call for Service Summary¹

1. During Fiscal Year 2012 (July 1, 2011 – June 30, 2012)² the City of Anderson Police Department handled 63,255 calls-for-service (CFS), down 23.2% from 82,388 in Fiscal Year 2011.
 - a. Citizen-Generated CFS were 23,936 in FY12 vs. 21,448 in FY11 (+11.3%).
 - i. The median response time for all Citizen-Generated CFS was 4:41.
 - b. Officer-Generated CFS were 39,319 in FY12 vs. 60,940 in FY11 (-35.5%).
 - i. Officer Generated Keep Checks were 24,583 in FY12, down from 40,499 in FY11 (-39.2%). FY10 was 24,647.
2. The average number of calls per month was 5,271.25, down 23.2% from 6,865.66 in FY11.
3. The average number of calls per day was 172.83 vs. 225.72 in FY11 (- 23.4%).
4. Officers investigated or were dispatched to “suspicious persons” 3,718 times, up 17.6% from 3,162 in FY11.
5. Officers were dispatched to 1,049 civil disputes or civil disturbances, down 35 (minus 3.2%) from 1,084 in FY11.
6. The department was dispatched to 1,971 traffic crashes, down 17 (-0.9%) from 1,988 in FY 2011.
 - a. Accidents were 1,709, down 33 (-1.9%) from 1,742 in FY11.
 - b. Hit & Runs were 262, up 16 (+6.5%) from 246 in FY11.
7. Total traffic related non-crash CFS were 11,239, down 3,837 (-25.5%) from 15,076 in FY11.
 - a. Actual traffic stops were 8,738, down 3,723 (-29.9%) from 12,461 in FY11.
 - b. Suspicious vehicles were investigated 1,434 times, up 14 (+0.99%) from 1,420 in FY11.
 - c. In addition to the above 1a and 7b figures, in FY12, according to the CAD report, officers made or attempted 426 stops of vehicles suspected of intoxicated driving, stopped one for uncovered load and assisted motorists 614 times. The FY11 figures were 446, 1 and 748 respectively.
8. For additional statistics see our website at Andersonpd.com.

¹ Unless otherwise noted, call-for-service analysis is based upon Central Dispatch CAD data.

² The yearly information listed in this report will be based upon the fiscal year except as otherwise noted. The Fiscal Year ends June 30. FY12 is from July 1, 2011 – June 30, 2012.

I. City of Anderson Police Department Overview

The City of Anderson Police Department’s jurisdiction serves approximately 26,997 city residents³ within an area that is approximately 15.3 square miles and contains an estimated 203 miles of linear roadway on 520 streets and roads. As of June 30, 2012 the department consisted of 95 Sworn Police Officer slots – including two sworn personnel who were assigned to the detention center - and 52 slots for support personnel.⁴ Of these 147 personnel slots, 135 were full time and 12 were part time. (These figures do not include the reserve force.) The police department’s total contribution to the city in cash and in-kind support for FY12 was \$3,254,584.⁵

The 3,254,584 consisted of a “hard cash” (budget offsetting) contribution by the department of \$2,262,525 and an in-kind cash, equipment & services contribution valued at \$992,059. The *department-generated* portion of the “hard cash” contribution was \$1,697,278. Grant awards and related programs contributed an additional \$544,728. Extra-duty and overtime work totaling \$20,519 was also passed through the city, offsetting the overall budget by that amount. For more information concerning the cash and in-kind contributions, please refer to the appendix.

During FY12, personnel of the City of Anderson Police Department handled 63,255 calls-for-service, documented 6,882 incidents⁶ on 6,112 incident reports, responded to 1,971 traffic crashes (1,709 wrecks and 262 hit & runs), made 2,398⁷ criminal charges, wrote 181 parking tickets⁸ and issued 4,586⁹ traffic citations.

FY12’s 2,398 criminal charges were filed against 1,319 defendants, roughly 1.82 per perpetrator (a.k.a. “defendant”). The 4,586 traffic charges were levied against 3,692 violators, roughly 1.24 citations per violator. The following table depicts the charges, by type, and the number of defendants by fiscal year since FY04.¹⁰

Charges by APD Personnel	Criminal			Traffic			Total		
	Charges	Def	Avg/Def	Charges	Def	Avg/Def	Charges	Def	Avg/Def
Fiscal Year 2012	2,398	1,319	1.82	4,586	3,692	1.24	6,984	4,827	1.45
Fiscal Year 2011	2,384	1,373	1.74	8,883	6,862	1.29	11,267	7,961	1.42
Fiscal Year 2010	2,974	1,616	1.84	9,372	7,377	1.27	12,346	8,614	1.43
Fiscal Year 2009	2,813	1,588	1.77	8,648	6,461	1.34	11,461	7,666	1.50
Fiscal Year 2008	2,993	1,672	1.79	10,392	7,437	1.40	13,385	8,598	1.56
Fiscal Year 2007	2,410	1,353	1.78	7,133	5,236	1.36	9,543	6,269	1.52
Fiscal Year 2006	2,748	1,486	1.85	6,654	4,667	1.43	9,402	5,793	1.62
Fiscal Year 2005	2,085	1,224	1.70	6,408	4,463	1.44	8,493	5,347	1.59
Fiscal Year 2004	2,006	1,140	1.76	9,053	6,202	1.46	11,059	7,036	1.57
Average	2,535	1,419	1.78	7,903	5,822	1.36	10,438	6,901	1.52
Median	2,410	1,373	1.78	8,648	6,202	1.36	11,059	7,036	1.52

³ Crime in the United States 2011. United States Department of Justice (FBI). Table 6.

⁴ There were actually 99 sworn slots in June 2010, but 3 were required frozen for FY10. Four slots were downsized as of June 2010 leaving 95 remaining.

⁵ Some financial figures referenced in this report may be un-audited.

⁶ Federal Classification Occurrences reported a maximum of 1x per incident report.

⁷ Includes all criminal charges filed by the City of Anderson Police Department personnel in both City Court and General Sessions Court. Excludes charges filed by non-APD persons or entities. (e.g., Individuals or Businesses, 206; and Judicial Division, 147.)

⁸ Includes 328 written by City Hall Security personnel and 58 written by City of Anderson P. D. Sworn Officers.

⁹ Excludes two listed for Codes Dept.

¹⁰ Data is derived from the City of Anderson Municipal Court “JEMS” Digital Data Base.

In fiscal year 2012, compared to fiscal year 2011, calls-for-service decreased 23.2% from 82,388, documented incidents (as federally classified) increased by 324 (+4.9%) from 6,558, written incident reports increased by 343 (+5.9%) from 5,769, dispatched traffic crashes decreased by 17 (-0.9%) from 1,988, criminal charges that were filed by department personnel increased 14 (+0.6%) from 2,384, parking tickets issued by departmental personnel decreased 205 from 386 in FY11 and traffic citations decreased 4,297 (-48.4%) from 8,883.

The total expense for operating the police department for fiscal year 2012 was \$7,790,632.29 or approximately 79.06 cents per day per city resident. Subtracting the hard cash contribution (\$2,262,525) from the total expense yields a net cost to taxpayers of \$5,528,107.29 or 56.1 cents per city resident per day. For each \$1 of net cost, the police department provided an additional 17.95 cents of in-kind cash, equipment, and services.¹¹ For additional information, please see the appendix.

General Revenue and Personnel

Positive Noteworthy: Net Income of \$2,262,525 (“hard-cash”) received in FY 2012 was the tenth consecutive year that Net Income exceeded \$2M. Major revenue-producing areas of the City of Anderson Police Department are defined as *Department-generated* (in-house) and *Grant-generated* sources. Major sources of department-generated in-house revenue sources are the Federal Inmate Housing Program, Detention Center Phone Fees, Net Criminal Fines, Net Traffic Fines, Towing (and auction) Fees and Forfeited Narcotics Funds.¹² Fiscal Year 2012 was a good year for net revenue (budget offsetting money) received by the City of Anderson Police Department. For the 10th year in a row it exceeded \$2,000,000. For future reference, it should be noted that FY10’s cash contribution of \$3m+ included \$337,831 in federal stimulus package recovery grant funds and should not be used as a benchmark.

The here-to-fore two major sources of revenue, the federal jail and budget offsetting grant-revenue, both realized substantial revenue in FY12. The federal jail booked \$1,125,998 in receipts and experienced its 4th highest year during the last 12 consecutive years (ending with FY12), exceeding the previous 11-year average by 2.5%, providing major assistance to the local tax base in off-setting the cost of operating the federal and city jails. The department received \$544,728 in grant and grant-related funding in FY12. FY12’s grant funding contribution exceeded the 10-year average of FYs 2001 – 2010 by 5.4% and was considered a major benefit to the agency and the citizens we serve during the recent economic downturn.

Compared to FY11, on paper, in FY12 the combined net criminal and traffic fines decreased by \$134,103 (-25.03%). However, in FY09 the department began tracking the net percent retained by the city for the traffic and criminal fines, after fees were calculated for the state’s portion & crunched the numbers for several previous years in order to get a picture of the history of “net margins” as well as an understanding of the change. Basically, over the years, as a general rule the overall net fines retained by the city has increased “a little bit” while the portion sent to the state has increased substantially. That is due to increased fees on the fines over the years which have increased as a percentage of the amount of money collected.

The following chart depicts the department’s total net revenue since Fiscal Year 2001. Note that the “net fines” portion was based upon front office receipts through FY10. Those receipts were unaudited and did not take into account refunds and other adjustments to fines. As of FY11 the

¹¹ \$992,059 total in-kind contribution / \$5,528,107.29 net cost.

¹² References to Net Fines may sometimes be based upon unaudited front office receipts & excludes refunds.

net fines portion of the net revenue is based upon actual Finance Department records and is audited. The second chart shows the portion of the net revenue sourced from grants.

Department Generated Revenue for Fiscal Year 2012: \$1,697,278

Department Generated Revenue for Fiscal Year 2012 (Figures are Rounded & Mostly Unaudited)			
U.S. Marshal's Federal Detention Program	\$ 1,125,998	Photos & Copies	\$ 4,082
Detention Center Phone Fees	\$ 35,201	Funeral Escorts	\$ 7,225
Criminal Fines Net (Audited FY11)	\$ 158,677	Taxi	\$ 217

Records Checks	\$ 669	Cups (New Line Item as of FY11)	\$ 15
Finger Prints	\$ 1,465	Total Dept. Generated Revenue for FY	\$ 1,697,278

Grant Generated Revenue for Fiscal Year 2012: \$544,728

The City of Anderson Police Department aggressively pursues outside funding in an effort to enhance the quality and type of service(s) provided to the community. All programs for which the department seeks funding are pre-approved by management. The police department's grant proposals are required to demonstrate a legitimate need within the community coupled with a proposed program that when implemented, will lead to a quantifiable improvement in the nature and/or magnitude of the problem as compared to the year(s) prior to the grant program being put into practice.

In Fiscal Year 2012 the City of Anderson Police Department's law enforcement grants produced \$544,728. This is referred to as *grant-generated revenue*. The following table depicts

The City of Anderson Police Department Fiscal Year 2012 Annual Report

the various areas wherein the department generated grant revenue for the city during fiscal year 2012:¹³

Grant Generated Revenue for Fiscal Year 2011 (Figures are Rounded & Unaudited)					
United States Department of Justice Grant	\$	19,681	Violence Against Women	\$	34,314
DUI Traffic Grant	\$	25,495	BVP Federal Body Armor Grant	\$	3,351
HUD (1 Officer Previous Contract Continued)	\$	31,800	C.O.P.S. (5 Personnel) (Stimulus Recovery Act)	\$	170,766
School Resource Officer (1) Alt School	\$	42,133	C.O.P.S. (Child Sexual Predator Program - CSPP)	\$	76,830
Body Armor Purchase Program	\$	659	C.O.P.S. (Secure Our Schools - S.O.S.)	\$	52,491
School Dist 5 / SRO (3 in FY10; 2: FY11; 1: FY12)	\$	45,000	C.O.P.S. (S.O.S. S/D 5 Reimbursement)	\$	35,927
PSN ("Hispanic Gang" FY12)	\$	6,281	Total Grant Generated Revenue	\$	544,728

Starting FY12, there were 9 personnel slots funded by grants: 1 Violence against Women Investigator, 2 DUI Officers, 1 Cyber Forensics Investigator and 5 “COPS”. The department ended the fiscal year with six grant-funded slots. In FY11 a slot for a Computer Forensics Investigator was initiated as of (circa) October 1, 2010. That slot was removed in FY12 and the funding was transferred to provide overtime for the agency’s existing I/T manager to receive the grant-funded training and overtime in order to perform the Cyber Forensics duties under the Child Sexual Predator Program. In addition, during FY12, the DUI Traffic Grant ended as of September 30, 2011, therefore two previously grant-funded slots ceased to be funded by grants.

¹³ Source: Police Department records. For more information and historical data, refer to appendix.

Officer- Generated Revenue for Fiscal Year 2012: \$20,519

A smaller area of budget-offsetting revenue is Officer-Generated revenue. This is extra-duty pay that is run through the city. In some instances, officers work extra duty details under circumstances wherein the payee forwards a check to the city for the services of the officer(s) and the city takes out the necessary deductions and then adds the appropriate funds to the officer’s city paycheck. The expense shows up on the city’s ledger but is offset by the revenue; therefore we report this as offsetting revenue generated by the officers. This type of offsetting revenue for the last five fiscal years is as follows:

Officer-Generated Revenue by Fiscal Year: Extra Duty Run Through City (Unaudited)			
FY07			\$21,100
FY08			\$8,154
FY09			\$18,076
FY10			\$12,837
FY11			\$4,585
FY12			\$20,519

In-Kind Contribution was \$992,059!

In addition to the direct revenue contribution to the city, the department made additional contributions of an “in-kind” nature totaling \$992,059. In-kind contributions provided by the police department to the community are in the form of revenue, maintenance services, off-duty police officer services, reserve police officer services, fine assessments, and equipment that was seized as a result of being related to illegal drug proceeds. In-kind contributions were less in FY12 than previous years due primarily to less criminal and traffic state fees being assessed on less total combined fines for the fiscal year. For an itemized explanation of the in-kind calculations please refer to the appendix.

In-Kind Cash/Equipment Contributions. The in-kind cash/equipment contribution for Fiscal Year 2012 consists of the following:

- Criminal and Traffic fine assessments¹⁴ totaled \$539,762
- \$18,850 was the City Garage’s 50% share of the towing and auction proceeds that was split 50-50 with the police department. The department counted its 50% share as a cash contribution and the garage’s share as an in-kind contribution because the tow program requires both the police and garage personnel to operate.

Extra-Duty Employment. According to the City of Anderson Police Department’s General Order Manual, “extra-duty employment” is defined as *any secondary employment that is conditioned upon the actual or potential use of law enforcement powers by the off-duty employee.*¹⁵ In FY12, officers worked approximately 44.7 hours (aggregate total) per week for a total of 2,325 hours, the equivalent of an additional 1.06 full time officers.¹⁶ The overall value of the extra-

¹⁴ This figure “passes through” the city to the state and as such is not included in the “Department Generated Revenue for Fiscal Year” because it has no net value to the city.

¹⁵ General Order 1401.

¹⁶ In FY07 the department converted back to a 42-hour work week from a 40-hour work week. Fiscal Year 2006’s calculations were based upon f/t officers working 2,080 hours per year (52X40). In FY06, officers were

duty police services for FY12 was \$42,708. This estimated in-kind contribution includes the base salary and benefits of employing 1.06 additional officers at the near-starting base rate of \$13/hour. For more information on these calculations please refer to the appendix.

Reserve Officer / State Constable Program. During FY12, the City of Anderson Police Department's Reserve Force provided 4,771.6 service hours to the city of Anderson at no charge. The total 4,771.6 hours of police services represent a decrease of 53.4 (-1.1%) from 4,825 in FY11. This is equivalent to an additional 2.18 full time officers compared to 2.2 in FY11, 2.02 in FY10, 2.14 in FY09, 2.36 in FY08 and 1.87 in FY07. The total in-kind dollar value of this program to the city in FY12 was \$87,882. For more information on this program please refer to the section titled *Reserve Officer / State Constable Program*.

Detention Center. In addition to the direct revenue contribution to the city, the Detention Center made an additional contribution of an "in-kind" nature totaling \$302,857, the same as FYs 2009, 2010 and 2011. The in-kind contribution by the Detention Center is for maintenance services (a.k.a. the *Jail Work Program*) that are provided by inmates who are working off their charges in the city jail and by state prisoners who are assigned to the Detention Center to assist with the day-to-day operation of the Detention Center.¹⁷ For detailed information about the Detention Center, please refer to the *City of Anderson Detention Center Fiscal Year 2012 Annual Report*.

Jail Work Program. The City of Anderson Detention Center provides necessary general labor services to the city at no charge. Services are performed by inmates who are sentenced for a variety of misdemeanor convictions in City Court. Typical services provided by the work group include general cleaning of city buildings, washing city vehicles, kitchen work, and light landscaping duties on city-owned properties and right-of-ways around town. In FY12, approximately 12 inmates worked eight hours per day for approximately 200 days providing services that were conservatively valued at \$7.50 per hour. FY12 was the same as FYs 2009, 2010 and 2011. In FY08 the figure was approximately 10 per day. The value of these services (base pay + benefits) in FYs 2006 and 2007 was valued at \$154,926, up from \$98,532 in FY05.¹⁸ In FY08 the value was \$172,596. The FY08 increase included an increase in workers' comp costs. In FY09, due to a 20% increase in the average number of inmates on work detail (up two, from 10 to 12) the services were valued at \$206,899. FY12 was consistent with FY11, FY10 & FY09.

State Prisoners Assigned to City. In addition to the city's jail work program, three inmates from the South Carolina Department of Corrections are assigned to the City of Anderson Detention Center for the purpose of providing general labor services to the Detention Center. The inmates assigned to the APD worked an average of 56 hours per week during FY12, the same as previous fiscal years. The value of their services to the city in FY12 was \$95,958, consistent with FY11, FY10, FY09 and FY08.

scheduled 40 per week. Prior to FY06 and after FY06, officers were and are scheduled at 42 per week. Therefore FYs 07 - 10 calculations are based upon f/t officers working 2,184 (52X42) hours per year.

¹⁷ For a complete explanation of the value of these services please see appendix.

¹⁸ For a complete explanation of the value of these services please see appendix.

Law Enforcement Personnel

The City of Anderson Police Department consists of seven units:

- Patrol Services (includes Traffic & COPS) 55 slots, all sworn
- Investigative Services Unit - 17 slots, 15 sworn & 2 civilians
- Special Operations Unit - 12 slots, all sworn
- Detention Unit - 32 slots, 2 sworn & 30 civilian (2 p/t)
- Administrative Services Unit - 8 slots, 3 sworn, 5 civilians
- Support Services Unit - 19 slots, 8 sworn & 11 civilians (10 p/t)
- City Hall and Court Security - 4 slots, all civilians

The City of Anderson Police Department began FY12 with 148 slots. On October 24, 2011, a grant-funded Cyber Forensics slot was dropped and the funds for that slot were converted into overtime for the existing city-funded Cyber-Forensics Investigator to assume those responsibilities. The agency ended FY12 with 147 slots.

Turnover. The agency hired 22 personnel during FY12¹⁹. Twenty-one were new hires and one personnel was a rehire. The turnover rate based upon 137 slots was 16.0%.²⁰ When calculating the adjustment for the 7 vacancies (6 sworn and 1 civilian) which existed at the end of FY12, the turnover rate was 21.2%.²¹

Sworn Personnel. Due to the reduction of a grant-funded CSPP Computer Forensics Investigator during FY12, at the end of FY12, the City of Anderson Police Department consisted of 95 budgeted-sworn positions, one less than the end of FY11. The slots were assigned as follows:

Anderson Police Department Sworn Personnel Slots as of June 30, 2012					
	Chief	Captain	Lieutenant	Sergeant	Officers
Patrol Services	1	1			
Patrol A Shift			1	2	9
Patrol B Shift			1	2	9

Evidence					1
Support Services		1			1
Sub Total	0	1	0	1	4
Total	<u>6</u>				

Civilian Personnel. The 52 non-sworn members who make up the support staff for the certified officers are employed in specialized functions that are essential to the department in order for it to successfully conduct its daily business efficiently. Civilian personnel are utilized in areas where direct law enforcement action is not required. They are assigned duties that support key aspects of the law enforcement profession. Such duties include maintaining criminal intelligence files, data processing, record keeping, organizational planning and operating the jail.²²

The two Victims' Advocates are funded by state mandated assessments on fines collected in the city of Anderson. Therefore, the cost of maintaining these positions has no actual impact upon the general fund of the city. The Victims' Advocates provide counseling to individuals who have been traumatized by crime and ensures that victims are regularly updated on the status of cases that are pending against the persons who have victimized them.

The Payroll Technician previously assigned under the Support Services Unit was transferred to the Admin Unit during FY12. The Payroll Technician maintains all regular and over time payroll records for all personnel slots listed in the City of Anderson Police Department's budget. These records are broken down by unit and also separated by grant-type for personnel who are grant-funded.

The Animal Control Officer picks up hundreds of animals each year and transports those animals to the Anderson County Animal Shelter where they are humanely cared for until a final home can be found for them. During FY10 the City of Anderson Police Department experimented with having two part-time Animal Control officers in place of one full time personnel. That experiment proved to be less than efficient and we went back to one full-time personnel.

Crossing Guards are an integral and invaluable part of the Department. These personnel are temporarily employed throughout the school year to ensure that school areas are safe for all commuters, including both drivers and walkers. These positions are part-time and the hours are usually immediately prior to or after the beginning and/or dismissal of their assigned school. Their primary duties include - first and foremost – making sure that children behave in a safe and practical manner while arriving at or exiting from school and crossing roadways. They also assist in traffic management by providing a safe and convenient passageway for motorized traffic through the school zones.

The Law Enforcement Technical Services Specialist and Records Specialists within the Admin Unit provide support to all units including the Detention Center.

²² For information concerning the duties of Booking Officers, Jailers and Transport Officers please refer to the City of Anderson Detention Center Annual Report.

The City of Anderson Police Department Fiscal Year 2012 Annual Report

Part-time medical personnel are assigned to the detention center to ensure that inmates receive proper medical care. The medical personnel, along with booking officers, jailers, “floaters” and transport personnel, ensure that inmates are properly cared for while being securely maintained in our inmate housing facility.

The following table is a summary of the respective assignments of the department’s civilian personnel.

City of Anderson Police Department Civilian Personnel Slots as of June 30, 2012

II. Major Accomplishments

The Five-Year Strategic Plan

Purpose. The City of Anderson Police Department is the most visible component of local government and by most peoples' accounts has the most impact on the daily lives of the people who live in and visit our community. For many years this department has played a leading role in city government and in the law enforcement profession. The department's management personnel are committed to this role. We believe that by developing and following a solid *Strategic Plan* we will establish our roadmap for success which will enable us to successfully move forward into the future. Therefore, the City of Anderson Police Department has developed a multi-year Strategic Plan which will provide guidance to the department as it transitions into the 21st century. Most people in academia recommend that a strategic plan project forward between three and five years. Because of the rapidly changing issues that we face today, the Anderson Police Department Strategic Plan extends five years out.

A Strategic Plan is a *blueprint* that enables an organization to build and develop its business response to the needs of its market place in an effort to meet the challenges of the future. Further, it is also a process by which an organization's vision, goals, and objectives (means for achieving goals) are defined, implemented, evaluated, and updated on a continual basis as a means for helping the organization to adapt and thrive in an ever-changing environment. Strategic Planning is sometimes referred to as *Long-Range Planning*, *Five Year Plans* or *Ten Year plans*. All of those labels refer to basically the same concept.

The Strategic Plan of the City of Anderson Police Department is a process for leading, guiding, focusing and directing the agency toward achieving its ultimate mission. This Long-Range planning process is indispensable for ensuring that the department's efforts, resources, and attention are managed at the appropriate levels to meet the needs of the Greater-Anderson community and to avoid the risks associated with becoming stretched too thin as the department attempts to address the ever-increasing multitude of issues that impact our ability to achieve the mission. A policing agency that merely stays focused on day-to-day concerns becomes totally reactive and tends to stifle creativity and innovation -- the very characteristics needed by a modern policing agency.

In March of 2007, the executive staff met to perform a situational assessment of our current environment and evaluate the organization's strengths, weaknesses, opportunities and threats. Out of this analysis came the development of the department's goals and objectives.

In order to achieve the desired goals and objectives, detailed strategies have been established to provide benchmarks on the road to goal-attainment. While input was sought from every member of the department, these strategies are not to be considered all encompassing. The fluidity of modern public safety necessitates frequent review and update.

With more responsibility comes more accountability. This program ensures that division supervisors are knowledgeable about the problems in their areas, develop effective working strategies to address these problems, and are constantly developing internal and external partnerships to eliminate the crime problems in their areas of responsibility and/or expertise. Technology provides the key change in the way that we do business.

While we have a good technological infrastructure, we must learn to use our data in order to make both routine and critical decisions on resource deployment, crime fighting strategies and community enhancement. During the years covered by this plan, we will be using our technology to streamline our administrative functions and allow us to share information rapidly so that crime suppression activities may be used in a timely fashion.

Training will also be a mainstay of our agenda for this plan. We will continue to hire new personnel and provide them with all of the tools and skills necessary for a complex profession. Training, however, will not just focus on the new employee. It will be our goal to improve the skill level of all of our employees.

The two major accomplishments under the five-year-strategic-plan for fiscal year 2012 were (1) continuing to aggressively pursue grant funding to subsidize programs to suppress violent crime and traffic crashes and (2) continuing to build strong partnerships with the Greater-Anderson community. A summary of these two accomplishments is as follows:

1. Grant Funding to Improve Public Safety

In Fiscal Year 2012, the City of Anderson Police Department's law enforcement grants and grant-related funding offset the overall budget by \$544,728. In the annual report this is referred to as grant-generated revenue. Grant funding subsidized the following programs:

Street Level Criminal Apprehension (Overtime)
DUI Traffic Grant – 2 Personnel (Through September 30, 2011)
Body Armor Purchases
Project Safe Neighborhoods Counter-Gang Program
Violence Against Women Investigator – 1 Personnel
Community Oriented Policing Services (C.O.P.S. - 5 Personnel; Stimulus Funds)
Community Oriented Policing Services Child Sexual Predator Program
Secure Our Schools (S. O. S.) Program

In addition to the above grant-funded personnel, several additional personnel are subsidized through community partnerships. These programs are included in the total financials reported for grant programs and include:

HUD Officer for Public Housing– 1 Personnel
School Resource Officer Program – 2 Personnel

For more information on the City of Anderson Police Department's grant programs go to www.andersonpd.com.

2. Building partnerships to Strengthen and Protect the Community

Subsequent to the agency's aggressive development of partnerships with surrounding jurisdictions, in FY11, the agency embarked upon a two-year, \$465k grant initiative funded through the COPS office & coordinated through the United States Attorney General's Office to combat Internet Sex Predators who prey upon children. This initiative built upon previous attempts to enhance the agency's cyber-forensics capabilities and resulted in a cyber-forensics lab that is reportedly one of the best equipped labs in the southeast. Additionally, "chatters" were funded and have been trained to participate in online investigations of these new types of criminals.

Additionally, the agency worked extensively throughout FY11 with Anderson University and actually graduated its first two personnel from the Command College's Master's program. The agency has partnered with the local university in an effort to increase the educational & training attainment level of its personnel & as of the end of FY 11 was working with Anderson University, Duke Energy (corporation) and the Anderson County Sheriff's Office to develop a Regional Cyber Forensics Computer Lab in an A.U. satellite location on Murray Avenue which would also house the City of Anderson Police Department's training unit along with the university's command college.

In FY11, The agency started up a new sub-unit, Polygraphy, which performs in-house criminal polygraphs (a.k.a. "lie detector tests") as well as employment polygraphs for new applicants. The sub-unit also partners with surrounding agencies by providing polygraphy services to them in their criminal investigations.

The City of Anderson Police Department has continued to participate in Multi-Jurisdictional task forces including the United States Marshall's Service, the Drug Enforcement Agency (a.k.a. *D.E.A.*) and Anderson County's Narcotics and Gang Task Forces.

In FY12, the City of Anderson Police Department received funding for its Secure Our Schools proposal. That program is projected to improve safety and security in and around the local schools.

Additionally, the Violence Against Women (VAWA) program was extended. That program focuses upon the crimes that target and disproportionately harm women. It is hoped that the long term effects of the VAWA program will be a reduction in the victimization of women and an improvement in the quality of life for disadvantaged and/or battered women on the Greater-Anderson Area.

Additional progress has been made toward achieving the following sub-goals contained in the five-year strategic plan in the following areas:

This space intentionally left blank.

Goal 1 - Facilitate crime and traffic accident prevention and reduction through proactive problem solving strategies and community partnerships.

Unfortunately, in FY12, the raw count of violent crimes increased by 58 (over 32%) from 177 to 235. However, there were positive indicators that the agency has potential on which to build. Positive points in FY12 were:

- Rapes decreased from 17 to 11
- Motor Vehicle Thefts decreased from 133 to 121
- Arsons decreased from 11 to 7
- Criminal Defendants decreased from 1,373 to 1,319

Opportunities for improvement include:

- The murder count stayed the same at 5
- Robberies increased from 41 to 48
- Aggravated Assaults increased from 114 to 171
- Burglaries increased from 425 to 485
- Larceny-Thefts increased from 1427 to 1451
- Incident Reports increased from 5,769 to 6,112
- Calls-for-service (CFS) decreased from 82,388 to 63,255
- Citizen-Generated CFS increased from 21,448 to 23,936
- Officer-Generated CFS decreased from 60,940 to 39,319
- Keep Checks decreased from 40,499 to 24,583

Dispatched Traffic Crashes decreased from 1,988 to 1,971. More performance indicators regarding traffic safety:

- Traffic Citations decreased from 8,883 to 4,588
- Persons cited on traffic tickets decreased from 6,862 to 3,692
- Parking Citations decreased from 386 to 181

Goal 2 - Restructuring the Department and building organizational capacity to support the reduction of crime and disorder.

The primary milestone reached during FY12 toward achieving this goal was:

The City of Anderson Police Department continued its two-year federal Community Oriented Policing Services (C.O.P.S.) grant award of approximately \$465k which funded a Child Sexual Predator Crime Unit consisting of existing personnel funded (through overtime) under the grant who would perform Cyber-Forensics analysis, as well as two “chatters”. During FY12, the grant-funded slot that was allocated to perform the cyber-analysis was downsized and the funds converted into overtime for the agency’s existing I/T manager to perform those duties during overtime.

Goal 3 - Enhancing police professionalism and community trust through accountability, performance measures, training, recruiting, and adoption of modern police practices.

The milestones reached during FY12 toward achieving this goal were:

1. ***Training & Development.*** In addition to skill enhancement and mandated training, our continuous training plan will focus on four areas: diversity, problem solving, ethics/integrity/respect, and leadership. While some of these topics will have specialized courses, others will be ingrained into every training course offered. We believe that through effective training of police personnel we can achieve a major improvement in both the quality of police service and the quality of life for residents in Anderson, South Carolina. The City of Anderson's Personnel Department oftentimes sponsors mandatory training on topics such as Diversity which affect the overall morale of the agency as well as that of civilians. During FY12, the agency sponsored an FBI-LEEDA training week at the City of Anderson Police Department wherein participants from all over the eastern United States attended training provided by the FBI's executive training unit.

2. ***Recruitment and hiring.*** The department started up a Polygraphy sub-Unit in FY11 and continued that program through FY12. In addition to Criminal Investigative "Lie Detector" tests, the police department's Polygrapher tested Police applicants prior to them being extended a job offer. A number of applicants who at first looked and sounded like excellent candidates but who had an excessive amount of baggage were screened from the process, possibly alleviating the City of Anderson Police Department a great deal of future grief from potential criminal and/or civil wrong-doing we would have possibly had to eventually address.

Goal 4 - Acquiring modern technology, information management, and infrastructure that supports organizational goals and objectives.

The milestones reached during FY12 toward achieving this goal were:

1. The City of Anderson Police Department began developing serious grant proposals to enhance the safety and effectiveness of the Detention Center. Plans included video visitation and other enhancements which may or may not be grant-funded.

2. The City of Anderson Police Department received funding for its Secure Our Schools (S.O.S.) grant proposal which is anticipated to make the areas in and around the target schools more safe for students, teachers and citizens.

3. The City of Anderson Police Department continued its two-year, \$465k grant initiative funded through the COPS office to combat Child Sexual Predators. It is coordinated through the United States Attorney General's Office to combat Internet Sex Predators who prey upon children. This initiative built upon previous attempts to enhance the agency's cyber-forensics capabilities and resulted in a cyber-forensics lab for analyzing computers and computer-related equipment used in connection with ICAC criminal activity. The City of Anderson Police Department' Cyber-Forensics-Computer Lab is reportedly one of the best equipped labs of that type in the southeast.

4. As of the end of FY11, the APD had started up its Polygraphy Program and acquired the technical equipment necessary to function. The agency's Polygrapher was "in business" during FY12, available to interview criminal suspects as well as job applicants.

Daily Operations, Crime Suppression and Traffic Crash Reduction

The City of Anderson has decreased its violent crime rate since the mid-nineties and is currently enacting programs expected to decrease traffic accidents. The department divides the city into six patrol zones that substantially coincide with the individual wards. Zone seven is a special designation for the Downtown area and is for statistical purposes only. The zones are different sizes, with zones three and four being the smallest. Zones one and six are the largest. The zones are substantially the same as the political subdivisions of the city (wards).

The following sections detail public safety in the city as it pertains to (1) crime and (2) traffic accidents. An attempt is made to detail the major criminal activity and explain the frequency of the activity.

A Significant Decrease in Violent Crime Since 1995

Uniform Crime Report (UCR) Violent Crime. The City of Anderson Police Department tracks major violent crimes and major property crimes. Our overall measurement of safety within the City of Anderson is the measurement of the following major violent crime: Murder, Robbery, Rape and Aggravated Assault. The figures contained in this section of the annual report are comparable to the City of Anderson from year to year and across years. In other words, the same type of crimes have been measured either by counting reports by hand prior through approximately Fiscal Year 2004 or pulling the data electronically for the last few years. However, the department's internal figures for the federal classifications as compiled by the United States Department of Justice for some crimes are somewhat different, especially for Aggravated Assault.

In the FBI's Uniform Crime Reporting (UCR) Program, violent crime index is composed of four offenses: murder and nonnegligent manslaughter, forcible rape, robbery, and aggravated assault. Violent crimes are defined in the UCR Program as those offenses which involve force or threat of force. For the most part the City of Anderson Police Department measures our major classifications in the same way except for aggravated assault. The City of Anderson Police Department has always limited its count of aggravated assaults to *Assault & Battery of a High and Aggravated Nature, Assault with Intent to Kill* and *Criminal Domestic Violence of a High & Aggravated Nature* because these type assaults are the ones that include serious circumstances. The Feds include additional assaults in their classifications. Therefore, the federal classifications should be used when comparing the City of Anderson's crime counts and crime rates to the national, regional, state or county averages (or to other areas) and the agency's internal counts limited to serious assaults should be utilized when tracking our crime counts and crime rates over time.

Caution against ranking. Each year when the federal data is published, some entities use reported figures to compile rankings of cities and counties. These rough rankings provide no insight into the numerous variables that mold crime in a particular town, city, county, state, or region. Consequently, they lead to simplistic and/or incomplete analyses that often create misleading perceptions adversely affecting communities and their residents. Valid assessments are possible only with careful study and analysis of the range of unique conditions affecting each local law enforcement jurisdiction. *The data user is, therefore, cautioned against comparing statistical data of individual reporting units from cities, metropolitan areas, states, or colleges or universities solely on the basis of their population coverage or student enrollment.*

City of Anderson’s crime reports. The overall average number of yearly violent crime reports for the 22-year period ending with FY12 was 286.2 with a standard deviation of 165.1. (The median was 233.) Calendar Year 1995 was the worst year on record for overall violent crime in Anderson City. During CY95 there were 567 written reports of violent crime in Anderson City as compared to the best year – Fiscal Year 2005 – with 86. Our best “run” on record was from 1996 – FY03. For the eight consecutive years ending with FY03, crimes of confrontation decreased yearly and substantially in Anderson. A slight spike occurred in FY04 followed by another dip in FY05. After two successive years of increased violent crime counts, FY08 experienced a decrease and was followed by two successive yearly increases in FY09 & FY10. FY11 showed a 9.7% decrease in violent crime as compared to FY10. FY12 displayed a 32.77% year-over-year increase in violent crime as compared to FY11.

Fiscal Year 2005 was the first complete fiscal year that the department had its South Carolina Incident Based Reporting System “up-and-running”. This system allows a substantially increased amount of information to be electronically entered onto reports than the previous hand-written procedures utilized by the department. Prior years required “hand-counting” hard copies maintained in notebooks. We believe the electronic system has present as well as historical integrity and that the violent crime figures reported from the system are compatible with SLED’s reported format from previous years. For that reason, the FY06 (and forward) annual report data can be accurately compared to previous years. The following chart represents the department’s production of incident reports since Calendar Year 1989. As depicted, during FY09 the City of Anderson Police Department produced a record number of incident reports. FY12 was the second highest year on record.

The 6,112 incidents reports listed for FY12 contained a total of 6,882 occurrences of 54 different federal classifications of events. The appendix contains a complete listing of the federal classifications, state statutes involved and the zones from which the reports were written. The 6,112 written incident reports listed by zones²³ are as follows:

Fiscal Year 2012		
Zone	Total	Percent
1	1102	18.0%
2	738	12.1%
3	1521	24.9%
4	606	9.9%
5	854	14.0%
6	1018	16.7%
7	187	3.1%
Not Listed	86	1.4%
Grand Total	6112	100.0%

The murder rate for the City of Anderson has decreased substantially since it peaked at nine per year in 1992 and 1993. Most of the improvement was registered during the ten-year period between the mid-1990's and the mid-2000's. From circa FY07 – FY12, the overall improvement previously realized substantially reversed. The change in the murder rate for the City of Anderson has shown a change which corresponds with that of the overall violent

²³ For a detailed listing of federal offense codes & state statutes by zone see appendix.

crime rate. The following chart depicts the yearly number of murders in Anderson City for the 22-year period ending with FY12, the overall average, and four moving averages.

The City of Anderson Police Department Fiscal Year 2012 Annual Report

The City of Anderson Police Department routinely analyzes criminal activity and crime rates to understand the crime trends for particular areas. Special attention is given to reports of violent crime, drugs, and illegal weapons because previous research has established a nexus among these criminal components and also between these crimes and other types of criminal activity, both violent and non-violent²⁴. This form of crime analysis is part of the basis for the current focus of the *Street Level Apprehension Program*. This program has resulted in the arrest of hundreds of criminal offenders since the spring of 1997 and the violent crime rate in the City of Anderson has shown a decrease during the same period.

The premises behind the City of Anderson Police Department's programs to control violent crime are (1) violent crime is controllable and (2) decreasing violent crime in a particular environment can be achieved through (a) modifying the environment by limiting the opportunities for people to commit crime, and/or (b) pro-actively arresting, convicting, and incarcerating offenders, thereby removing the perpetrators of crime from the environment. The following illustration depicts the City of Anderson Police Department's model for its crime-control programs:

²⁴ Research indicates that illegal weapons, drugs, and violent crime are correlated. In addition, these types of crimes occur disproportionately in conjunction with many other types of crime(s). Additionally, the primary nexus is drugs which seem to be correlated with more crimes more than any other single correlate.

Calls-for-Service. Since CY93, calls-for-service activity has shown an increase almost every year. The City of Anderson has a 100% response policy. In essence, every call for police service(s) results in a personal contact between an officer and a complainant unless the complainant specifies to the dispatcher that they prefer otherwise. By and large, the citizens of Anderson City are comfortable calling on the police department to report actual or potential criminal activity. Many calls to the police are the result of citizens who have seen an advantage to stepping up their efforts in helping police by reporting suspicious activity.

The call-for-service analysis is based upon data that is electronically downloaded from Anderson County's Central Dispatch. Every service-activity by an officer is considered a call-for-service, whether citizen-generated or officer-generated. Some examples of officer-generated calls-for-service would be traffic stops, keep checks and building checks.

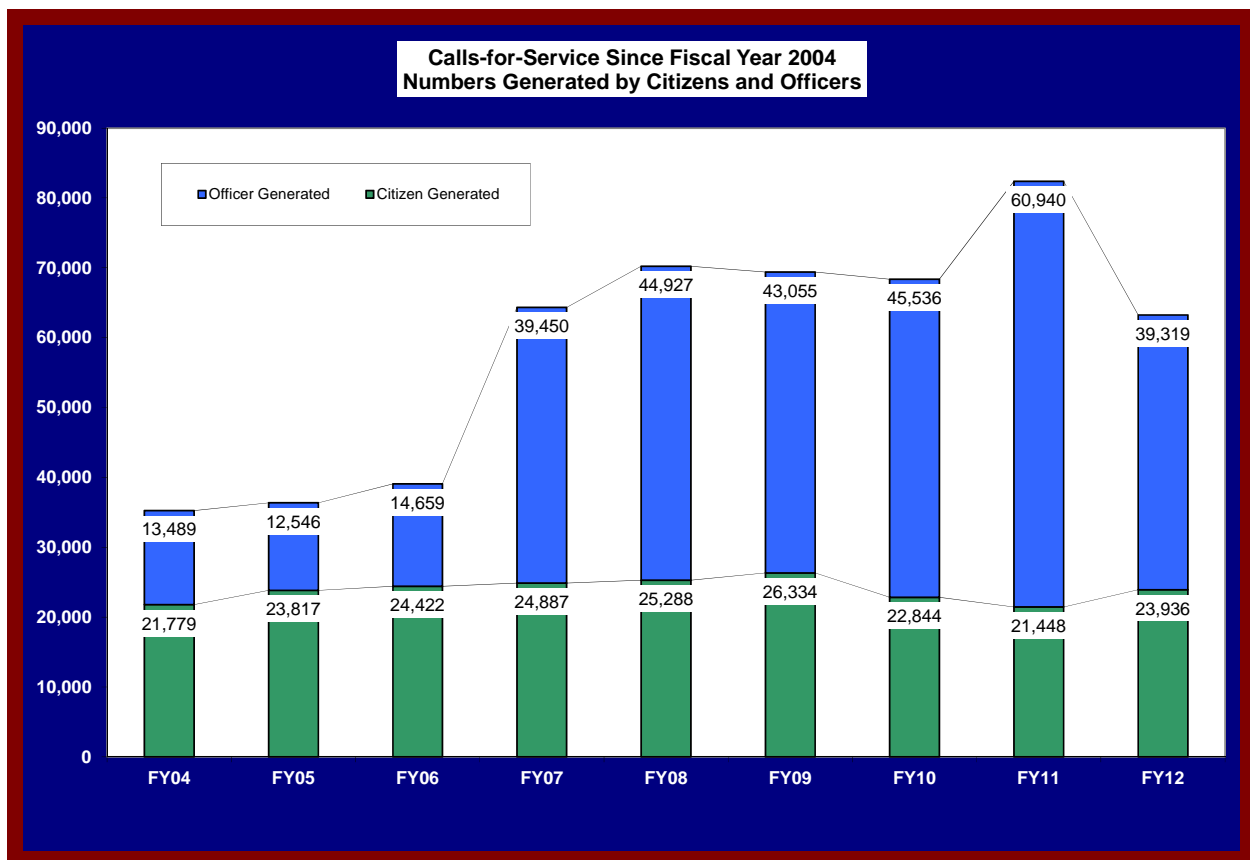

The number of calls-for-service to the police department has increased substantially since 1993. The following chart lists the actual numbers of calls-for-service that were addressed by the police department during the twenty-year period ending with FY12.

As the above chart depicts, fiscal year 2007 showed the highest percent of increase in calls-for-service activity of any year on record with an increase of 64.6% over fiscal year 2006. However, the biggest impact upon the increase was in officer-generated calls, especially “keep checks”. Near the end of Fiscal Year 2006 the department initiated an aggressive outreach program intended to provide increased security services to businesses and churches by officers checking the buildings and documenting the checks via central dispatch. Fiscal Year 2007 was the first complete fiscal year that

this program was in effect. In FY07, compared to FY06, citizen-generated calls increased only 1.9%, but officer-generated calls increased 169.1%. There were 22,681 officer initiated keep checks in FY07, compared to 867 in FY06. Naturally this was the single largest increase in any call category for FY07.

There was a decrease of 1,009 (-1.5%) calls-for-service in total call volume for FY10 as compared to FY09. Compared to the previous fiscal year, in FY10 there were 3,490 fewer citizen-generated calls-for-service and 2,481 more officer-generated calls-for-service. One of the largest differences in the tallies of call types in FY10 compared to FY09 seemed to be *Building or Keep Checks* which are officer-generated. In FY10, there were 24,647 of these calls-for-service listed, an increase of 698 from 23,949 in FY09. The 20.4% increase in overall calls-for-service in FY11 was mainly the result of an increased number of building & keep checks (officer-generated CFS). In FY11, Building & Keep Checks increased to 40,499 up 64.3% from 24,647 in FY10. In FY12, Building & Keep Checks decreased to 24,583 and with 15,916 fewer than FY11, represented the single biggest decrease in call type. The overall number of CFS for FY12 compared to FY11 decreased by 19,133 (-23.2%).

Officers in the police department aggressively patrol for prowlers, potential burglars and other types of predatory persons during the nighttime hours. A substantial part of this counter-predator patrol is in performing “building checks” and “keep checks”. A *building check* is simply the process of officers checking buildings in their assigned zones for signs of criminal activity. A *keep check* is the same type process but is performed for private citizens during their absence from their residences subsequent to the citizens having notified the department of the fact that they are out of town for a specific time frame. In Fiscal Year 2012, there were 24,583 “building checks” and “keep checks”.

As of fiscal year 2007, management decided to track calls-for-service by category and type in order to determine the frequency of various types of calls as well as analyze any changes that may occur over time. The counts for major call categories by year are as follows.

Call-for-Service Category	Year and Change from Previous Year						
	FY07	FY08	FY09	FY10	FY11	FY12	% Change*
Alarm	2,986	3,194	3,294	3,196	3,233	3,263	0.9%
Animal Call (New category FY09+)**	N/A	N/A	1,904	1,751	1,486	1,228	-17.4%
Citizen Assist	504	499	542	523	463	513	10.8%
Counter-Crime	4,421	4,659	4,592	4,027	3,805	4,355	14.5%
Domestic or Civil Dispute	2,877	2,964	3,110	3,080	2,940	2,842	-3.3%
Drug or Alcohol Crime	387	401	356	328	322	313	-2.8%
EMS Assist	364	350	401	382	452	425	-6.0%
Fire Assist	250	372	434	379	458	381	-16.8%
General Service (No Animal Calls FY09+)*	33,731	34,847	30,618	31,052	46,334	30,598	-34.0%

Violent Crime	999	1,140	1,153	1,023	862	898	4.2%
White Collar Crime	312	423	432	372	322	389	20.8%
Grand Total	64,337	70,215	69,389	68,380	82,388	63,255	-23.2%
**Percent Change is most current FY compared to previous FY.							
*In FY09 the animal calls were broken out from General Service & reported as a new category.							

The *type* of call is based upon the ten-code listing as electronically stored in Anderson County's Central Dispatch CAD system. The *categories* were determined by the executive staff of the police department. To view a list of categorized calls by type please refer to the appendix.

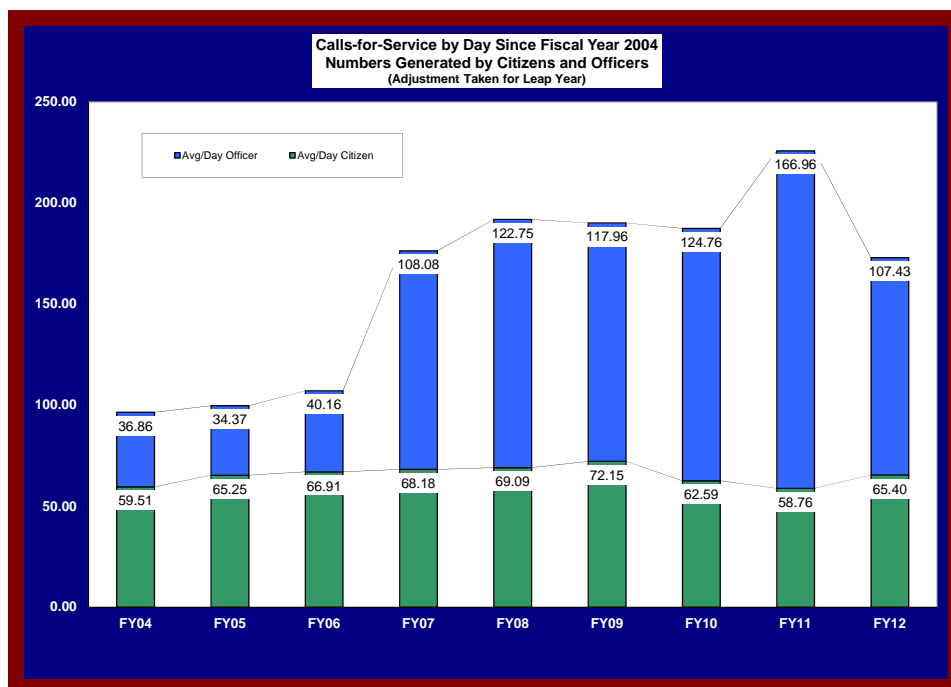

The following pages depict in chart-form various time-study analysis of the police department's "workload" with respect to calls-for-service. The following graph displays the change in the average number of calls-per-day-per-year since calendar year 1993. Adjustments have been taken for leap years.

Citizen-generated vs. officer-generated calls-for-service. For years prior to FY08, the citizen-generated portion represents the calls with a one-second or higher response time. The FY10 electronic data received from Central Dispatch lacked sufficient *dispatch to on-scene* time-data to determine officer-generated calls versus citizen-generated calls, based upon *zero-response times*. However, after reviewing the matter it was determined that a better representation of these two major call categories probably should be determined by the type of call instead of the response time. Generally, there is a relatively small percentage of call types that normally have a significant percentage of zero response times, therefore we designated those major type calls as officer-generated. For a line-item description of the CFS that were designated as citizen-generated vs. officer-generated, refer to our call-for-service spreadsheet on our website.

The next chart will depict the relative daily change in the number of citizen and officer-generated calls-for-service since FY04.

The next two charts indicate the daily averages by month and weekday. For the third year in a row, June proved to have the average highest call volume per day. The “busiest” month of FY12 for citizen-generated calls was June 2012 with an average number of 71.7 calls-for-service per day. The “busiest” month of FY11 for citizen-generated calls was June 2011, the same as FY10, with an average number of 63.7 calls-for-service per day. The “busiest” month of FY10 for citizen-generated calls was June 2010 with an average number of 68.9 calls-for-service per day. In FY09, the busiest month was August 2008, which came in at 85.4 calls-for-service per day. In FY12, the “slow” month was January 2012 with an average of 60.2 citizen-generated calls-for-service per day.

The chart that depicts the weekday averages shows that Mondays – Thursdays were relatively sane with respect to citizen-generated call-volume. Fridays were noticeably above normal and Sundays were well below. But other than those variations, the weekday columns are relatively near each other in height.

As illustrated by the following two charts, during FY12 the fewest number of citizen-generated calls were answered during the early morning hours with 04:00 – 04:59 being the slowest individual hour of the 24-hour day. (That was the same as FYs 2010 & 2009.) In FY11 and FY08, the slowest was 5:00 – 5:59.

In FY12 the busiest one-hour period for citizen-generated CFS was from 14:00 – 15:59. In FY11 the busiest one-hour period was from 15:00 – 15:59. In FY10 it was from 16:00 – 16:59, in FY09 it

was from 15:00 – 15:59 and in FY08 it was 14:00 – 14:59. In FY12, The busiest period for all officer-generated activity was 02:00 – 02:59.

Traffic Management and Safety Initiatives

Traffic Officers in the City of Anderson Police Department are currently trained in several aspects of accident investigation and have in previous years traditionally spent more time working accidents than proactive traffic management. In the second half of the last decade, the range of traffic tickets was up from prior years' numbers but the relatively mild increase seemed to have no measurable impact upon the crash rate. Research has indicated that, over time, the issuance of traffic citations in a jurisdiction is correlated negatively with traffic accidents. However, a "critical mass" must be reached. (i.e. a minimum number of citations must be issued before any affect on accidents will be noticeable.)

In 2000, department officials established the long-range goal of making Anderson City one of the top ten safest cities in South Carolina within five years. At that time it was decided to use South Carolina Law Enforcement (S.L.E.D.) data for crime comparison and evaluation purposes and compare Anderson with other cities of similar size. To reach the goal of becoming among the state's top ten safest cities, it was determined that we should continue to **concentrate on decreasing the violent crime rate and simultaneously work proactively to reduce the city's traffic crash rate.**

During FY12, 4,588 traffic citations were written, down 48.4% from 8,883 in FY11. In FY11, 8,883 traffic citations were issued, down 5.2% from 9,373 in FY10. In FY12, dispatched Traffic Crashes totaled 1,971, down 0.9% from 1,988 in FY11. In FY12, 181 Parking Tickets were issued.

The department attempts to facilitate its traffic management programs by analyzing and evaluating wrecks in an effort to determine when and where accidents occur and how to best allocate resources. To determine when accidents occur, an analysis was performed to determine the variation in the number of traffic crashes across months, weekdays, hours of the day, and hours of the week. This study is provided as an example of how various types of analyses are used to assist management in the day-to-day allocation of human resources in a practical effort to maintain the traffic-crash-count as low as possible.

In addition to analyzing crash data by month, the department also analyzes weekdays. As a general rule, in past studies, Fridays have shown the highest frequency of accidents. The following chart indicates the daily averages for dispatched calls-for-service regarding traffic accidents in the City of Anderson for FYs 07-12.

**FY07, FY08, FY09, FY10, FY11 & FY12 Average Crashes by Weekday
(Dispatched Wrecks and Hit & Runs Combined)**

The average number of wreck calls during each hour of the 24-hour day in FY12 was 82.13, down 0.9% from 82.83 in FY11. As in past years, the crash-count varied wildly throughout the 24-hour period. The following chart indicates the frequency for traffic accidents in Anderson by time of day for fiscal years 2007 - 2012.

As the previous chart indicates, 16:00 – 16:59 was the busiest period for FY07. The period from 15:00 p.m. to 15:59 p.m. showed the highest number of accidents for FY08, FY09, FY10, FY11 and FY12. The early morning hours of 03:00 to 3:59 was the “slowest” time for accidents in FY07. The slowest time was 05:00 – 05:59 in FY08, 04:00 – 04:59 in FY09 and 03:00 – 03:59 in FY10. In FY11, the slowest period was 02:00 – 02:59. In FY12, the slowest period for dispatched traffic crashes was 04:00 – 04:59. Typically, at about 07:00 – 07:59, the frequency of accidents increases dramatically and is consistent with the typical schedule of city residents. Most of these early morning accidents involve motorists commuting to and from work or school.

Prior to FY09, the City of Anderson Police Department had an officer assigned full time to the downtown area to manage downtown parking. During FY09, this position was moved from the police department Administrative Unit to City Hall (security unit). In FY11, the City Hall Security Division was placed under the control of the Chief of Police. Parking management is a component of the City Hall Security Division.

The following chart plots the number of parking citations that have been issued by the police department since 1997 and lists the amount of revenue collected during the same periods.²⁵

Reserve Officer and State Constable Program

The City of Anderson Police Department maintains an active Reserve Police Force that consists of private citizens who volunteer their time to serve as police officers for the City of Anderson. The Reserve Police Force is under the direct chain-of-command of the Patrol Unit and exists primarily to assist full-time officers in accomplishing the police department’s overall mission of serving the public, protecting innocent people, and enforcing local and state laws, as applicable. When officially on-duty, a Reserve Police Officer has full law enforcement authority when in contact – either directly or by electronic means – with a full time, on-duty officer. In addition to reserve police officers, the police department allows state constables to participate in patrol with full time officers.

Typically, reserve officers are assigned to special events such as parades, The Midnight Flight and other events where utilization of additional uniformed personnel is needed. Reserve officers are routinely assigned to regular patrol to “partner” with full-time officers, thereby enhancing the safety and effectiveness of the department by instantly converting a “one-person” unit into a “two-person” unit. In most cases this decreases the need to call a second car for backup, reduces response times and conserves resources.

The City of Anderson Police Department is effectively involved with revitalizing the downtown historical district. Oftentimes, event sponsors and civic leaders request police visibility when events are being planned which are intended to attract a large number of out-of-town patrons. The police

²⁵ City of Anderson Docket (“JEMS” Database)

are asked to “patrol” for visibility and to render assistance (provide directions and information about community interests) as needed. The usual events that are held downtown on the weekends are generally family related and therefore require little or no actual police action so, in addition to their assistance in special events and routine patrol, reserve officers are often assigned to “Downtown Patrol” on Friday and Saturday evenings. Most of the members of the Reserve Police Force are full-time, professionally employed family people; therefore this particular assignment is quite popular.

During Fiscal Year 2012, the City of Anderson Police Department Reserve Force’s total “Human-Resource-Hours” worked were 4,771.6, down 1.1% from 4,825 in FY11.²⁶ The amount of work performed by Reserve Officers in FY12 was equivalent to employing 2.18 full time officers at a projected cost of \$87,882.²⁷ Those services were provided at no cost to the city.

The Reserve Police Force is an invaluable recruiting tool for the City of Anderson Police Department because it provides management with an opportunity to observe potential candidates for full-time employment prior to selection. Although service in the Reserves is not a prerequisite to full-time employment, some of the city’s best officers began their law enforcement career in the reserves. Furthermore, many people who are interested in law enforcement as a career, but are concerned about making an up-front decision to go full-time, will try the Reserve Police Force prior to applying for a full-time position.

The same criterion is used for selection in the Reserve Police Force as is used in the selection process for officers for the full-time police force. Some of the essential requirements are that applicants are required to (1) be at least 21 years of age, (2) be physically fit, (3) have a clear criminal history, (4) provide Motor Vehicle Department records indicating a good driving history, and (5) have a high school diploma or its equivalent. In addition, it is essential that applicants be in good standing with the community. The City of Anderson Police Department actively recruits for the Reserve Police Force and encourages all interested persons who meet the previously listed criterion to contact the Captain of Support Services to schedule an appointment to discuss the additional requirements and benefits of participation in the city’s Reserve Police Force.

This space intentionally left blank.

²⁶ Figures include constables.

²⁷ City of Anderson Police Officers’ basic schedule was 42 hours per week. $4,771.6/2,184 = 2.18$.

III. Fiscal Year 2012 Goals & Extent of Goal Achievement

1. *Decrease the incidents of major violent crimes and/or the violent crime rate.*

Extent of Goal Achievement: This goal awaits achievement. In FY12, compared to FY11, the raw count of violent crimes increased by 58, from 177 to 235 (+32.77%).

2. *Decrease the incidents of major property crimes and/or the property crime rate.*

Extent of Goal Achievement: This goal awaits achievement. In FY12, compared to FY11, the raw count of property crimes increased by 68 to 2,064 from 1,996 in FY11. The overall increase in property crimes was 3.41%.

3. *Continue aggressive traffic management targeting high-crash areas in order to affect a decrease in traffic accidents.*

Extent of Goal Achievement: This goal was partially achieved in FY12 and shows potential for long-term sustainability. In FY12, the raw count of dispatched traffic crashes decreased for the third consecutive year and totaled 1,971. The decrease was 17 total dispatched traffic crashes or 0.9%. In FY11, the raw count of dispatched traffic crashes decreased by 61 (-3.0%) to 1,988 from 2,049 in FY10. Though the 5-year rolling average for FY08 – FY12 is the highest on record, the agency sees the year-over-year decrease in traffic crashes as a measurable movement in the right direction. Yearly decreases will ultimately decrease the rolling trends, thereby building into long-term, sustainable public safety improvements.

4. *Implement Year 4 of the Violence Against Women Investigative Initiative.*

Extent of Goal Achievement: This goal was achieved. The agency continues to aggressively apply for grant funding to decrease all forms of violent & property crime and especially seeks resources to protect the most vulnerable members of society such as women, children & elders. In addition to the VAWA grant, the agency also implemented the second year of its \$465k federally funded Child Sexual Predator Crime Unit which was an initiative to protect children from online predators.

5. *Continue to develop partnerships and work with the community to reduce crime.*

Extent of Goal Achievement: This goal was partially achieved in FY12 and shows potential for long-term success. In FY12, the agency received a Secure Our Schools (SOS) grant award and worked closely with School District 5 and the Alternative School to implement the award. Additionally, the agency was enabled through partnerships with the affected schools to maintain School resource Officers at the Alternative School and McCants Middle School. Plans were laid at the end of FY12 to establish deeper partnerships with the schools during FY13 with the goal of placing SROs in 4 schools: the Alternative School, McCants, Southwood and the Extension Campus.

6. *Seek additional funding to offset negative impact of the DUI Traffic Grant Initiative which ended in FY12 (Ended September 30, 2012).*

Extent of Goal Achievement: This goal awaits achievement. The agency did review and research opportunities for additional funding via grant initiatives. However, grant funding success is highly dependent upon the availability of federal and state monies which have been scarce for the last two years. The City of Anderson Police Department continues to aggressively apply for grant funding to increase public safety at all levels (improve traffic safety and decrease violent crime, property crime, cyber-crime, etc.) by decreasing through incarceration the number of criminals who disrupt the peace, good order and harmony of the community by practicing illegal activities.

7. *Seek grant funding to increase Cyber Forensics investigative capability.*

Extent of Goal Achievement: This goal was achieved in FY11 and shows potential for long-term sustainability. As mentioned in a previous goal-achievement sub-point, in FY11, the agency received a \$465k award to enhance its cyber-forensics lab. The award was for the purpose of identifying, investigating, apprehending and prosecuting cyber-sex-predators who target children through digital media. This was one of the agency's largest equipment (grant) awards in its history of grant-procurement and a major installment toward its plans to develop a Regional Computer Forensics Lab. The goal was sustained in FY12.

8. *Implement U.S.D.O.J. Federal Grant Awards in order to continue the department's existing successful Street Level Criminal Apprehension Program.*

Extent of Goal Achievement: This goal was achieved. The agency received and utilized Justice Assistance Grant (JAG) funding in the amount of \$19,681. The agency plans to receive approximately \$14,834 for use in FY13.

9. *Continue existing partnership with local schools to enhance safety and security in and around schools. This goal includes (but is not limited to):*

- a. Continuing the School Resource Officer Program at the Alternative School and McCants Middle School.
- b. Seeking grant funding for two additional SROs: One for Southwood Middle School and one for the Anderson V Career Campus.
- c. Developing programs and grant proposals to acquire equipment and training to increase environmental security in and around school campuses.

Extent of Goal Achievement: This goal was achieved but shows challenging potential for long-term sustainability. During FY12, the agency maintained its SRO relationships with School District Five (McCants Middle School) and the Alternative School. These two school districts aggressively subsidize our SROs who are assigned to their schools. During the close of FY11 the agency began to receive feedback

that S/D 5 was planning to restructure and if so, it would reorganize Southwood Middle School into an arts school & downsize that SRO funding. This did occur in FY12. However, toward the end of FY12 the agency laid the groundwork to re-acquire SRO's in all four schools during FY13. (McCants, Southwood, HWXC & The Alternative School)

10. *Increase the amount of secondary (extra-duty) police work by police officers.*

Extent of Goal Achievement: This goal awaits achievement. The in-kind contribution resulting from private-pay of off-duty police officers who work security details for private businesses and individuals decreased somewhat in FY12 compared to previous years' reported rates. Examples of these types of secondary employment include, but are not limited to, police officers working sports events, downtown events, community events sponsored by various churches, especially during the holidays, banks, stores and restaurants. Though the agency assumes complete & unconditional responsibility and accountability for goal-achievement, in this particular matter we note that forces outside of the agency's control, including the prevailing economic conditions (of the nation, region, state and county) affect the agency's potential for achieving this goal more than internal factors, by far. The economic downturn has negatively affected the revenue streams of local businesses, civic organizations and individuals, thereby decreasing the availability of outside employers of the City of Anderson Police Department's off-duty personnel.

11. *Increase the number of active reserves and/or the amount of Reserve-Human-Resource hours worked.*

Extent of Goal Achievement: This goal was partially achieved in FY12 and shows potential for long-term sustainability. During FY12, the City of Anderson Police Department's Reserve Force provided 4,771.6 total hours of service to the city of Anderson. Because of rounding to the nearest 1/100th as opposed to the nearest 1/10th, this was reported in the FY12 Annual Report as being equivalent to an additional 2.18 full time officers as opposed to the 2.2 full time officers reported in FY11 and 2.02 in FY10.

12. *Continue to recruit and hire qualified women and minorities.*

Extent of Goal Achievement: This goal was achieved. In FY12, based upon a review of the agency's organizational charts, the City of Anderson Police Department hired and/or retained African-American males, a Cuban male and females including Hispanic females. The agency's recruiting personnel has aggressively sought to advertise openings on all available media in an effort to recruit qualified personnel from all backgrounds and every available opportunity to attract minority & female applicants was exercised.

13. *Develop a "Secure Our Schools" (COPS) grant proposal and implement the award.*

Extent of Goal Achievement: This goal was achieved in FY12. During FY12, the City of Anderson Police Department received funding for a S.O.S. initiative. The agency partnered with School District Five of Anderson County and the Alternative School to develop and implement the grant award. Some components were awaiting completion as of the end of FY12 but the program was underway and successful completion of all equipment installs and the implementation of all program equipment in to the overall program was expected to be finalized during FY13.

IV. Conclusion

The City of Anderson Police Department provided valuable community service to the citizens of Anderson in FY12. Though faced with challenges, as in previous years, and consistent with the City of Anderson Police Department’s Mission Statement, the public safety was stressed and service was provided in a professional and the most cost-efficient manner under the circumstances. In addition, the police department contributed more than \$2,000,000 in real dollars toward offsetting the cost of funding public safety in the City of Anderson.

Though the overall violent and property crime counts increased in FY12, the agency began to take corrective measures early in FY13 which it anticipates will result in decreased crime in both categories in coming years.

Police Department management is continuing to develop plans for decreasing the violent crime and property crime rates and is preparing to meet the challenges provided by the next generation of criminals. The City of Anderson Police Department plans to continue improving its current programs as well as explore new and innovative approaches to law enforcement. The department expects Fiscal Year 2013 to be greatly improved compared to FY12 as it intends to build upon the progress that was achieved in Fiscal Year 2012.

V. Goals for Fiscal Year 2013

1. Decrease the incidents of major violent crimes and/or the violent crime rate.
2. Decrease the incidents of major property crimes and/or the property crime rate.
3. Continue aggressive traffic management targeting high-crash areas in order to affect a decrease in traffic accidents.
4. Implement Year 5 of the Violence Against Women Investigative Initiative.
5. Continue to develop partnerships and work with the community to reduce crime.
6. Seek additional funding to offset negative impact of the DUI Traffic Grant Initiative which ended in FY12 (as of September 30, 2011).
7. Seek grant funding to increase Cyber Forensics investigative capability.
8. Implement U.S.D.O.J. Federal Grant Awards in order to continue the department's existing successful Street Level Criminal Apprehension Program.
9. Continue existing partnership with local schools to enhance safety and security in and around schools. This goal includes (but is not limited to):
 - a. Continuing the School Resource Officer Program at the Alternative School and McCants Middle School.
 - b. Seeking grant funding for two additional SROs: One for Southwood Middle School and one for the Anderson V Career Campus.
 - c. Developing programs and grant proposals to acquire equipment and training to increase environmental security in and around school campuses.
10. Increase the amount of secondary (extra-duty) police work by police officers.
11. Increase the number of active reserves and/or the amount of Human-Resource contribution from this program.
12. Continue to recruit and hire qualified women and minorities.
